VOL. IX—NO. 46.

Devoted to Local, Mining and General Information.

DAHLONEGA, GA., FRIDAY, NOVEMBER 4, 1898.

One Dollar Per Annum

W. B. TOWNSEND, Editor and Proprietor

## THE NEW WAY.

WOMEN used to think "female diseases" could only be treated after "local examinations" by physicians. Dread of such treatment kept thousands of modest women silent about their suffering. The introduction of

Wine of Cardui

taken in the privacy of a woman's own home insures quick relief and speedy cure. Women need not hesitate now. Wine of Cardui requires no humiliating examinations for its adoption. It cures every disease that comes under the head of "female troubles"—disordered menses, falling of the womb, "whites," change of life. It makes women beautiful by making them well. It keeps them young by keeping them healthy. \$1.00 at the drug store.

For advice in cases requiring special directions, address, Dr. J. C. Townsend, The Chattanooga Medicine Co., Chattanooga, Tenn.

W. L. ADDISON, M.D., Cary, Miss., says: "I use Wine of Cardui extensively in my practice and find it a most excellent preparation for female troubles."

# THE NUGGET.

DAHLONEGA, GA., NOV. 4, '98.  
 Published at the Dahlonega, Ga., P. O.  
 as Second Class Matter.

Atlanta is going to have a new union depot.

A bill is before the legislature to make vote buying a felony.

A Ware county family claims to have a wash pot that has been in service 196 years.

At last Spain surrenders Cuba unconditionally and agrees to assume all of her debts.

The Second Georgia Volunteers will be retained in service, as agreed to by President McKinley.

The North Georgia Annual Conference of the M. E. Church, South, meets at Augusta Nov. 23rd.

The Gainesville News, which was started about a couple of months ago by John Blats, is no more.

The Cubans want Americans to leave the Island, and demand a distinctive home government without any delay whatever.

The Grand Lodge of Masons of Georgia elected W. A. Davis of Macon Grand Master; Max Mayerhant, of Rome, Vice Grand.

The congressional election takes place next Tuesday. The registrars were busy first of the week preparing the legal list of voters.

A young man by the name of Lewis McFoy was whipped to death at a convict camp the other day in Appling county. So says the coroners jury.

It is likely that Gainesville will have a dispensary at an early day for the sale of ardent spirits, malt liquors, wines and other intoxicants. Some of them are getting tired of the blockade pop-skull.

The Georgia Legislature is in session only three hours a day. Let a poor fellow hire to one of the members and he has to work from sun to sun with half an hour in which to eat his bacon and bread at noon.

W. J. Shockley, an insane man, entered a moving trolley car in Atlanta last Friday and killed John D. Bishop and stabbed Policeman Thompson, and then run. He was caught and claimed to be from Morgan county.

We are reliably informed that some of the present members of the legislature sold their votes during the recent caucus for \$50. They should be spotted and every one of their names published, for we cannot expect honest legislation from the hands of such misrepresentatives of the people.

Nov. 24th has been set apart by President McKinley as a day for thanksgiving. In issuing his proclamation he says that the nation has been blessed with abundant harvests, increase of trade, public debt improved and strengthened, sectional feeling eliminated and a war for humanity brief and successful.

The legislature has done nothing of importance yet. The second day after it met some fellow asked to amend some section in the Code. The new Code has just been published at a heavy expense to the state and we see no use of changing it. Surely those who made it are as wise as those that compose the body now. Let them give us the Australian ballot system and make the necessary appropriations and then disperse.

It is Governor Allen D. Candler now. Governor Candler was inaugurated last Saturday in a very simple and ostentatious manner, which was preferred by him. He didn't want any fire crackers exploded nor no big displays made. Governor Candler is the choice of the voters of Lumpkin county, all of whom are satisfied that he will make them a good Governor, else they would not have given him a majority both in a primary and at the election.

## County Officers Making Their Bonds.

The following are the names of those who have signed county officers bonds named below who are ready to take hold of their offices on the first of January. Other officers will likely make their bonds this week:

John F. Sargent, tax collector—State bond: D. W. Caldwell, Cadher Stencil, W. L. Seabolt, Samuel Jones, J. P. Smith, James Grindle, Wm. Beasley, H. C. Duckett, B. F. Anderson, Sr., J. C. Stargel. \$7,000 bond.

Collectors county bond: G. McGuire, J. M. Brooksher, W. J. Highlower, J. F. Moore, Stephen Rice, W. H. McAfee, Chas. F. McAfee, E. E. Crissom, H. D. Gureley. \$8,000 bond.

A. W. Cain—County Surveyor: P. W. Jarrard, J. S. Anderson, Thos. H. Jarrard, Jacob Cain. \$10,000.

J. M. Davis, Sheriff: Tilman Davis, James Anderson, John Butler, D. M. Grizzle, G. D. Bruce, C. M. Mote, V. Parks, W. J. Burt, J. F. Head, Jos. B. Wilkins, Jno. A. Howard. \$7,000 bond.

C. W. Stargel, tax receiver: J. H. Moore, J. B. Clements. \$1,300 bond.

Wm. Marr, county treasurer: M. J. Williams, Jas. L. Smith, A. W. Caldwell, J. B. Caldwell, D. M. Grizzle, S. T. P. Walden, T. N. Henson, A. J. Ash, P. L. Conner, W. M. Guerin, J. M. Jarrard, J. M. Brooksher, H. D. Gureley, J. E. McGee, John A. Marr. \$10,000 bond.

A Big Mining Company Organizes in Dahlonega.

The Dahlonega Consolidated Gold Mining Co. was organized in Dahlonega last Saturday and elected the following officers: J. W. Adams, President. C. B. Paul, Vice President. R. C. Thomson Secretary and Treasurer.

Directors: J. W. Adams, Frank G. Thomson, C. B. Paul, R. C. Thomson, J. B. Rosenthal, Geo. H. Breymann, Frank R. Adams, W. A. Charters, H. D. Ingersoll. This company has a splendid large property and with the new improved method of working these mines which they are going to adopt, it will be a success. The officers are men of means and business ability and there cannot be such a thing as fail. Success to you, gentlemen.

**Only Thirty and Gray**

How is this? Perhaps sleepless nights caused it, or grief, or sickness, or perhaps it was care. No matter what the cause, you cannot wish to look old at thirty.

Gray hair is starved hair. The hair bulbs have been deprived of proper food or proper nerve force.

**Ayer's Hair Vigor**

Increases the circulation in the scalp, gives more power to the nerves, supplies missing elements to the hair bulbs.

Used according to directions, gray hair begins to show color in a few days. Soon it has all the softness and richness of youth and the color of early life returns. Would you like our book on the Hair? We will gladly send it to you.

**Write us!**

If you do not obtain all the benefits you expected from the Vigor, write the doctor about it. He may be able to suggest something of value to you. Address: Dr. J. C. Ayer Co., Lowell, Mass.

## Advice to Consumptives

There are three great remedies that every person with weak lungs, or with consumption, should understand. These remedies will cure about every case in its first stages; and many of those more advanced. It is only the most advanced that are hopeless. Even these are wonderfully relieved and life itself greatly prolonged.

What are these remedies? Fresh air, proper food and

**Scott's Emulsion** of Cod-Liver Oil with Hypophosphites. Be afraid of draughts but do not fresh air. Eat nutritious food and drink plenty of milk. Do not forget that Scott's Emulsion is the oldest, the most thoroughly tested and the highest endorsed of all remedies for weak throats, weak lungs and consumption in all its stages.

**Scott's Emulsion** of Cod-Liver Oil with Hypophosphites. Be afraid of draughts but do not fresh air. Eat nutritious food and drink plenty of milk. Do not forget that Scott's Emulsion is the oldest, the most thoroughly tested and the highest endorsed of all remedies for weak throats, weak lungs and consumption in all its stages.

Mrs. Polly Rider Assaulted by a Tramp.

Old Aunt Polly Rider, one of the most highly respectable ladies living in the county, resides alone in a little house in Higgin district. She is the mother of the Rev. Jno. W. Rider, and no clever woman ever lived. Some few days ago an old tramp stopped at her house and asked for something to eat. The kind hearted lady was not long in preparing him a meal, for she always made it a point to endeavor to relieve any one in distress. He sat down and ate most heartily, and upon finishing the black hearted scamp arose and attempted to assault the lone woman, and doubtless would have accomplished his purpose had he not become alarmed at her cries and left out for fear of bodily injury from some one who might hear her. He certainly took the right view of the situation, for had some of those mountaineers got hold of him they might have treated him pretty rough.

A couple of days later Mrs. Rider went out a short distance from the house to the hog pen to feed her pig. While there she espied a man coming into the road a short distance away. She was certain that it was that same old tramp. The thoughts of his appearance again frightened her so that she ran and screamed at the top of her voice which alarmed the whole neighborhood. Several persons were soon on hand, among them her son with his gun, who had not thought of shooting a man since he was in the southern army, but this was enough to stir up his anger. The stranger they were looking for had disappeared. In a short while some one came up and stated that the man seen was no tramp. It was Rev. J. W. Phillips who was making his way home a near route, and when he saw the lady run and heard her scream he could not imagine what in the world it meant, having heard nothing about the lady's trouble with the tramp. The minister couldn't run and catch the lady and ask for and explanation for she was too much excited. After remaining still a little while wondering what to do he moved on and the first person he met he sent back word "that it was me, and tell sister Rider not to get scared." After the excitement was all over and preacher Rider went to pat his gun away he found that it was empty.

It is said that many sensations resulted during the investigation at Camp Thomas, by the investigating board recently. Dead soldiers were stripped to clothe the living and soldiers' tongues hung out for want of water at Chickamauga while water sold at \$1.25 a pitcher. Surgeons and officers of the line declare that medicine could not be secured, while the hospitals were so crowded not to admit men who were fatally ill.

The Second Georgia Regiment will join Lee and go to Cuba.

## Mining Notes.

Mr. Whorton completed his dam at the Calhoun first of the week and is now engaged in repairing the mill house preparatory to getting things in running order at an early day. Quite likely he will also put in concentrators and save much gold that would be lost otherwise.

Capt. J. G. Adams of Nashville, while here last week made an investigation of both the iron leads in this county, which were opened out some years ago by experts and favorable reports made on the same. Mr. Adams seemed to be well pleased with the outlook. No doubt a more thorough investigation will be made later on and if found in sufficient quantities to justify the connecting of Gainesville and Dahlonega by rail, that it will be done in the near future.

During the first of the week we had the pleasure of visiting the Crescent gold mine, located on the Yaholaha creek near two miles north of Dahlonega, in company with Mr. R. W. Walker, the general manager of the operation, which is owned by Messrs. Drake & Co.—Mr. Walker being one of the members. Although having been up and down this stream hundreds of times, the place where this mine is located was hardly recognizable by us. A few weeks ago the mine could only be reached by a narrow path up the stream and only a small amount of timber was missing. Now they have a mill house 36x40 nearly completed, a hundred foot dam (to be 17 feet high) in course of construction and good wagon roads leading to every necessary place. The machinery for the mill is being received now from Gainesville. Only ten stamps will be put up now but the house has been constructed large enough to receive ten more when found necessary, in addition to concentrators. The dam at the time of our visit was about three logs high, all well filled with rock, which is expected to be completed in about fifteen days. A reservoir is being dug on the hill ten feet wide and three feet deep at the lower side and 250 feet long. About half of this work is already done. It is one of the most conveniently arranged operations in the county. Above the mill on a high hill has been opened out 26 different gold bearing veins some of which are very rich. Four tons from one of these produced 250 pennyweights of gold. Much of the material can be washed off and reduced by a grant while the hard ore can be run down to the mill in boxes at a very small expense.

The Singleton mill never stops other day or night except on Sunday. A sufficient number of hands are employed in the cut to keep it running on good paying ore.

Quite a lot of prospecting is being done at the Preacher at this time and it will not be much longer before they will set their mill to running on some newly discovered veins.

All the damages at the Singleton caused by the recent freshets, have been made good and the mill commenced running first of the week.

Mr. Kingsbury, who was up last Friday says that he is moving right along with his ditch work and will soon have it completed and a full head of water on the Kearns mine.

W. J. T. Hutcheson, while attending the session of the board of education last Tuesday, informed us that he had recently commenced operation on the Bailey property near New Bridge. This is a deposit mine which he is working successfully with only four hands.

Senator Morris and W. G. McNelly of The Lawrenceville News-Herald are at war with each other. Editor McNelly in an editorial denounced the Senator in very bitter terms because he voted for Judge Hutchins. The Senator proposes to publish a card in reply and a battle is expected by some. The boys in blue, who were out on a thirty days furlough have all come back and it is presumed that they will stop the racket without any blood being shed.

## A Card From Tilmon Davis.

Ex. Nueget.—As Mr. Thomas Lee, Overseer of the Poor, saw proper at the recent term of Lumpkin Superior Court to state to a Committee from the grand jury that some lumber and rails were burnt and misplaced while Land Mr. Fortner were in charge of the Paupers Home, I wish to reply as far as I am concerned, Mr. Fortner can do as he pleases.

In the first place I wish to state that Mr. Lee has told a positive falsehood on my part. Much of the lumber referred to was used by order of our former Ordinary in making coffins, a wagon bed, bridges and other necessary places about the premises. The rail fence spoken of was repaired while I was there and I burnt all the pieces just like I do when repairing a fence on my lands. Its true when I left the farm that all the lumber was not gone. During my absence and when the farm was in charge of another person a portion of this lumber was said to have been found at a blockade distillery a short ways off. This of course should not be charged to me as I had nothing to do with the farm at the time that it was carried away.

The report of the state treasurer shows a large increase in the state's expenses. More is being paid out than is being received. The receipts during the year ending September 30th, were \$3,121,236.41, and the expenditures were \$3,423,478.10.

Gov. Atkinson has appointed Robert L. Borner colonel of the Third Georgia Regiment to succeed Col. J. B. Candler, resigned.

New corn is now bringing forty cents per bushel in Dahlonega.

## Evans & Hatfield's

Feed and Livery Stables.

Best attention given to stock. Horses and vehicles can be had both day and night at reasonable prices. Located in building below College Street bridge near Public Spring. nov 4/98

**G. H. McGuire, JEWELER,**  
 Dahlonega, Ga.

Having permanently located in Dahlonega I am now ready to do all kinds of work in my line at prices to suit the times. Bring along your clocks, watches and sewing machines. All work guaranteed for twelve months. Shop next door to A. F. Norton's old stand. G. H. McGuire. april 23/98

**HALL HOUSE,**  
 Dahlonega, Ga.,

J. F. CASTLEBERRY, Proprietor.

Rates: \$2.00 per day. \$7.00 per week, \$25.00 per month. HOT and COLD BATHS.

**J. F. MOORE.**

Joseph Ferguson now has charge of the running department of Wimpy's mill.

W. T. Bryson, of Auraria, has gone over to Otto, Union county, to prospect for gold.

Mr. Burtis and another communication are crowded out of this issue but will appear in our next.

Mrs. Thomas Henson, died in Chastate district last Sunday after a brief illness. We deeply sympathize with the husband in the loss of his companion.

Nearly every little boy you see now is smoking cigarettes when he gets out of sight of his parents. Every dealer in Dahlonega who sells them to children should be prosecuted.

D. T. Harris and John Bell were over from the Big Joe mine awhile last Tuesday and reported everything moving along all right in mining circles. They are going to have a daily mail to Price, Ga.

G. McGuire has just received a new lot of ladies undervests, and a nice line of shoes and all the galvanized ware that you will need and everything else that is found in a general mercantile store. Call and examine.

On the 4th day of December we will have been running the Nugget two years. Many of our subscribers time expire. So if you wish to continue reading it you had better be ready to make new arrangements by that time.

Col. W. A. Charters went down to Atlanta last Sunday to be present at the judicial and solicitors election on Monday where a new handle was put to his name, which reads thusly: Solicitor W. A. Charters of the Northeastern Circuit.

Your attention is called to the ad. of Hatfield & Evans to be found elsewhere. They are running a livery stable just below Main Street bridge and will be glad to receive a share of a portion of the patronage of those wishing to be accommodated in anything in their line.

Frequently we hear a pistol fired off on Sunday night. Last Sunday at 12:30 a. m., some person discharged his pistol twice in the edge of Dahlonega. If the bill making this a heavy penalty passes the legislature, which is now before it, maybe this kind of conduct will stop.

L. D. Cain, who brought up a load of produce from Dawson county Tuesday, paid us a pleasant visit and renewed his subscription to the Nugget. He said that he took the Atlanta Constitution, Home and Farm and a New York paper, but his family read the Nugget with more interest than either one of the others.

The Nugget reaches Kingman, Arizona, three thousand miles away, in five days, the same time that it requires it to go to Half Way, Wahoo and Walnut post offices in Lumpkin county—the nearest only 8 miles and the farthest 10. This is the kind of mail facilities we are having in this country, simply because certain sections are not thickly populated. Do you blame us for grumbling?

On Thursday of last week the mail contractor here was notified by the department that the daily mail from Dahlonega to Gainesville would be carried by Col. Farrows water route. The government admits that it is one mile further than the old route and allows him near \$25 more each year for carrying it. Our citizens are resting very easy about it just at this time. There is talk of an electric line being constructed from Dahlonega to Gainesville at an early day. If this is done the old system of carrying the mail will be dispensed with. If not an influential citizen of Dahlonega is going to Washington and see the head of the department in person about the mails generally.

The board of education met last Tuesday and disposed of what business it had before it.

But little property was sold by the sheriff last Tuesday. Only one lot was disposed of and it only brought \$10.

Mr. McClelland, of Clarkston, is again in our section. He comes for the purpose of buying horses, cattle and sheep.

We are requested to state that there will be preaching at Siloam Church on the 3rd Saturday and Sunday in this month.

What's the matter with our Murrayville post master that our subscribers over there failed to get their papers last week?

John Berry, who it was reported had sold out and left for other parts some weeks ago was in town last Tuesday and stated that he had not left and had no intention of going.

After Tax Receiver Stargel had made a \$2,500 bond the ordinary received another one from the Governor for \$1,300, stating that the first one was too much, which had been filled out through a mistake.

Logan Campbell, our office neighbor, killed his first wild turkey last Tuesday afternoon, and his friends had to sit up with him that night. Logan is some better now and it is hoped that he will be all right again in a few days.

We learn that Frank McDonald left this week to join the army. If true we will not likely see him any more in three years. It may be that Frank will like army life better than the rest of the boys who went from here. Those that will be mustered out this week have an opportunity of joining for three years but we think that our boys are satisfied with the experience they have already had with the army and will return to their homes.

The Ladies Reform Club should see that none of their relations live in glass houses before they cast too many stones at other parties. They should also blame their husbands with some of this unlawful conduct complained of, because it is a rare occurrence that women go to see the men, but to the reverse. But when such cases are exposed the woman is looked at with hatred and shame, while the man is lifted back up to the topmost round of society. And when it gets into court the equally guilty man is put on the stand as a witness against the woman and she is made to suffer while he goes free without suffering any penalty whatever.

The corn crop was greatly damaged by the wet weather in this section and will cause much of the grain to have to be shipped here from the west or somewhere else next summer in order to supply the demand. Not half a crop will be gathered by the farmers of this county on account of so much of it rotting in the fields. We learn that H. F. Anderson, Sr., who always has much corn for sale, will not make a hundred bushels of good corn on his farm. One of Ordinary Tate's renters went out and gathered a wagon load of corn the other day and when he shucked it out he only had three pecks of good sound grain. Col. Baker says that his is so sorry that he may not gather it.

James Roberts, col., had a 'possum supper last Tuesday night and invited all his colored brethren to come and partake of the wild delicious meat, that were willing to give a dime. A goodly number appeared and were soon so full of the persimmon destroyers that they grained at each other like those animals do when alive and disturbed. This continued until some of them got mad, so mad that they quarreled and wanted to fight. Evan Bell, Henry Underwood and Andrew Stephens were the maddest and the result was they had to go before the mayor the next morning and be fined each one dollar and trimmings, making their supper cost them \$9. They could get board cheaper than this at the Kimball House in Atlanta.

The Yahooola mail never fails to come in on time. Joseph Lence packs it on his back and comes rain or shine.

Mrs. LaGaire, who has been the guest of Mrs. Stewart for some weeks, returned to her home this week.

Prof. Palmour, who is in charge of the military department of our college, has donated him a new uniform.

When you can't get and don't want fodder call at J. F. Moores and get hay. He has just received a car load.

Charlie Meaders and Jeff Satterfield, who have been here on a furlough for several days returned to the army this week.

Hughes Moore and Clyde Meaders left last week for Alabama where they go for the purpose of getting employment from the government.

Ed. Smith, col., was put in jail yesterday on a warrant sworn out by merchant Jap Williams charging him with cheating and swindling.

It is claimed by parties who have seen Bob Long recently that he will not live long. His injuries were received at the time that he killed young Clark.

Albert, a son of Col. Thomas Greer who used to be our solicitor, was in Dahlonega last week. Albert belongs to the army and has been out on a furlough for about thirty days and will go back in a short time and be mustered out.

D. M. Jarrard, who is charged with an assault with intent to murder on the person of one of the Sells in Chastate district some time ago, came in last Monday and made a \$200.00 bond for his appearance at the next term of Lumpkin Superior Court.

A. W. Meaders and family leave on the 10th for Watkinsonville for the purpose of making it their home for a year if not more. We doubt whether they will find any place that will suit them better than Dahlonega and we trust that after they go and make an investigation that they will not remain longer than twelve months at the farthest.

Last Sunday while little Ed. Roberts, a son of Al. Roberts, and "Sunshine" Thomas were experimenting with an oyster can partly filled with powder it exploded with the use of a match and injured the eyes of little Ed. so that he may lose the sight of one, greatly injuring the other. In fact it can't be ascertained how far the injuries extend yet as he is unable to open his eyes. The only way for Doctor Jones to examine them is to pull the lids apart with his fingers.

At the recent session of the grand jury among the large number of tax payers' property raised was R. C. Wood. Mr. Wood has been engaged for some time in the construction of a dam to run a saw mill which he expected to build. But he says now that he will suspend operation and invest no more money here. So far the property nor partial completed improvements have been of no benefit to him, and he thinks that he returned his property for every cent it is worth.

We are reliably informed that Will Calloway, who it is said devoured part of a lamp chimney and eat all the matches he could find while in jail here and who did a gasb in his throat, is left for parts unknown. Sheriff Brooksher could hear nothing from the authorities of Union county, who it was claimed had two warrants against him, and turned him out at his request to go to his mother's house in the western portion of this county to die. After he was released he decided that he was not ready and disappeared the next night. We believe though, if he had been compelled to remain in jail that he would have killed himself at the first opportunity, for a man that will saw across his throat twice with a piece of glass has a good deal of nerve.

G. H. McGuire and wife returned from their visit to Ellijay last week.

Eggs sold in Dahlonega last week at 20 cents per dozen. This, though, was in a case of necessity. The regular price is 12 1-2 cents per dozen and very scarce.

The Nugget is one of the very few weekly papers in Georgia that uses no plate matter. Our patronage is good and we don't mind working harder in order to turn out a paper that is all home print.

Joseph Townsend cut his foot while working at the Crescent mine last week which will prevent him from doing much for a few days. Two of his toes would have been cut off had the lick been a little harder.

It is with great pleasure that we learn of the gentlemanly conduct of the cadets to and from Atlanta last week. Of course the boys were filled with good cheer, and cheered and shouted themselves hoarse, but there was no drinking or any other bad conduct on their parts.

The Paupers Home is again without an inmate. Mrs. John Carder who remained there one week before and during court week left the following Monday. The old lady just remained long enough to keep the Home alive. Had Mrs. Carder not been there during court the grand jury would have doubtless made some disposition of it.

One of the cadets got up Sunday morning in Atlanta and left his pocket book which had been placed under the pillow for safe keeping during the night. Upon missing it he went back and looked for the hidden treasure but it was gone. He says he thinks the chambermaid got it. Some of the boys tell him that they are satisfied that she did.

Last Friday afternoon after a letter had been received from the post office department by the Dahlonega and Gainesville contractor concerning the route, Col. W. P. Price got one the next day stating that they had received the petition which would be considered as soon as the contract for the carrying of the mail from Murrayville and Gorman to Price was let out, which is now being advertised.

Capt. W. M. Smith, who represented the Dahlonega college in Oratorical contest in Atlanta Saturday night, acquitted himself with much credit to all whom he represented. He only missed the prize by two and two-thirds points. The winner was a Baptist minister of many years experience while Mr. Smith is yet in his teens. Again Mercer College was victorious. Dahlonega was unanimously second choice with all the colleges.

The nights are getting dark now and if the town marshal will be on the alert he will not have to off out on the outskirts of the town to find some one violating the law. It may be a little embarrassing should he find some doctor, some member of the church, official or high flyer violating the law but we must remember that all is not gold that glitters, especially after dark. This is the inference from the report of the Ladies Reform Society made to the Solicitor General during the recent term of Lumpkin Superior Court.

In our favorable mention last week of Prof. Yeates' report we did so from the size of the book, not having examined its contents. Since that time we have looked over many of its pages and must confess that we are surprised in a man in his position in sending out such a report. It is a big thing but nothing in it—like an air ball. The greater part of it is taken from what some body else says, and that two years ago or more. When the Prof. spent so much time up here we thought that he would give us an up to date report, but he has failed. His book is a big thing but contains too much dead matter. If he cannot do better than this he should be shipped and a man employed who can give us late original matter.

Miss Corrie Graham has recently been appointed post mistress at Two Run.

WANTED.—206 'possums. Will pay from 10 to 25 cents for good size. Bring them in at once to F. J. Williams & Co..

The capitalists who have been here for several days left for their respective homes last Sunday. All of them have become interested in the miners here and will come to see us oftener from this time on.

We are satisfied that Judge Estes will make the Northeastern Circuit a good presiding officer. We speak from experience. Some 12 or 14 years ago when he presided in the court house at Dahlonega he instructed us in the mysteries of the meaning of the code in a very able manner. Initiation fee being something over \$40. He desired our membership because twelve men said that we carried a pistol. We didn't want to be initiated but a certain fellow was so anxious for us to that he swore a lie and forced us to do it.

Several of our citizens attended the political roll calling in Atlanta last week, all of whom speak of it as being a very disgusting affair. Members of the legislature who were above suspicion lied, sold out and did dirtier things than ever occurred at a country precinct during an election. We had no idea of voting in the Congressional election but now expect to cast our ballot for Hon. F. C. Tate on account of the valuable services he rendered our friends down there. We are willing to help those that help us or any of our friends.

Uncle Joe Chester has a trumpet that has been in his possession for more than fifty years. Uncle Joe and his wife have been citizens of the county longer than any one else living now unless it is W. R. Crisson. They came to Lumpkin soon after its organization and have been residents of the county ever since. These two old people now live about two miles from Dahlonega in a little cabin on the Crescent mining property quietly and peacefully passing away the time, ready to start on that unknown journey at any moment the summons is sounded.

When it was announced that the town tax book would close a few days ago every one should have been as prompt in settling these taxes as if it had been a call from the tax collector for state and county taxes. Some of our citizens who are amply able paid no attention to the call while others that were less able came up and settled off promptly. This neglect can be remedied very easily by the mayor issuing it as against every defaulter. Then there will be no trouble in the future. It is not right for a portion of our citizens to have to keep up the town while others are given until maybe Christmas before they render assistance.

There is an ordinance against any one getting tight on intoxicants in Dahlonega, which does not even exempt members of the council, notwithstanding it occurs. More than one of the members of the council who were elected last December to serve this year have not only been tight but drunk, though little is said about it as society holds them up for fear that it might injure their character, when often if it is some poor devil, using a common expression, he is carried to the lockup, and from there to the mayor's court, and the doors thrown open and everybody welcomed in to hear this poor fellow sentenced to either pay a fine or labor on the streets, when at the same time there are councilmen just as guilty going free. We have known officers during the year to be just as guilty as the poor penniless defendants that they brought in. But how can we expect sober marshals that are guided by intemperate councilmen. All such members should resign. We dislike to allude to these matters but they are becoming so frequent and so public that we cannot shut our eyes any longer.

G. C. Wallace, the newly elected Clerk of the Superior Court, is still handling the yard stick at McGees store and will likely continue until he takes his seat in the court house.

The following is the honor roll of the N. G. A. College for October: Junior Class: H. L. Peacock, Sophomore Class: Misses Fannie Gaillard and Eva McKee, J. W. West and S. A. Harris. Freshman Class: Miss Marie Gaillard, Lee Soseby and Paul Soseby. "A" Class: J. M. O'Kelley. "B" Class: Miss Maudie Pierce, Lizzie O'Kelley and P. B. Erwin.

The State Commissioner of pensions gives the following report: Total number of pensioners paid in 1897, 10,445. Amount paid \$873,490. Total number for 1898, 10,390. Amount paid \$869,520. Number of widows paid in 1897, 3,891, amounting to \$223,460. Number of widows paid in 1898, 3,826, amounting to \$229,560. Paid in 1897 on invalid list, 3,381, \$190,000. Paid 3,381 invalids in 1898, \$190,000. Paid 3,173 indigent pensioners in 1897, \$150,000. Paid 3,166 indigent pensioners \$189,960 in 1898.

The brick work of the new Baptist Church is completed and the building is being painted. The tower will be completed later on. Work has progressed much slower than was expected in this church than was expected as a number who promised to assist in the construction of the same have failed to come up to their obligations. A portion were not able to do so while others rendered flimsy excuses, all of which is frowned at by the Lord. Some people, if they ever get to heaven, will want to dictate to their Maker in such a manner that he will be sorry that he ever admitted them.

It is said the 105 college cadets who went down to the inauguration made things lively all along the line. It was the biggest crowd of school boys that ever left Dahlonega. They carried along their blankets like they were going to Cuba. They had just donned their new uniforms and presented a nice appearance. They are really a handsome set of boys any way you take them. This trip to Atlanta just at this time is a better advertisement for the college than all the catalogues that can be mailed in two months. People will not take time to read every time but they never fail to look.

It seems that the ladies of Dahlonega are becoming displeased with some "joy" affairs that are some known in our community for some time, as ten of them met and wrote a letter and dropped it into the post office at Dahlonega for Solicitor Howard Thompson during court week, giving the names of a number of parties that are frequently breaking one of the ten commandments, furnishing the names of persons who they think will swear enough to convict. The letter being received rather late was handed to Dr. Jones, the foreman of the grand jury, who promises through a card in the Signal of last week that "if we live the matter will be attended to at our next meeting." Some of the ladies are getting tired of their husbands having so much business to attend to away from home after night. It saved a good deal of embarrassment to not being attended by the last grand jury as it is said that some of its members are mixed up in the affair. It is also said that it includes some very prominent persons, members of the church not being left out. It does get society warped a little for a married church member to have two or three outside lovers, and it is really disgusting to get to the point where a married woman will endeavor to kill herself when she hears of the death of a married man other than that of her own living husband. The ladies ought to have presented the matter to some member of that jury, but then it might have been one that couldn't "cast the first stone" and their wishes would not have received any attention.

The Greensboro Herald-Journal publishes the marriage of Mr. Henry T. Haines, which has a peculiar romance attached to it. They were married many years ago, and two children were borne unto them—a boy and a girl. The daughter is now married and the son is in the army. The parents separated more than 20 years ago, the husband going to the Indian Territory, where he is now a successful business man, and the wife returned to her fathers where she has since lived and reared her children. The old love still survived however and "all is well that ends well." They left yesterday for his home in the Indian Territory.

The papers are now pushing along this indisputable argument: "An Oklahoma girl advertised for a husband and got him. The advertisement and wedding outfit cost \$11. Within a year he died and left her \$5,000 life insurance, and yet there are some people who will still argue that advertising doesn't pay."

Pains in the small of the back indicate a diseased condition of the kidneys. Owing to the dangerous nature of the diseases which attack these organs it is important that measures should be taken to remove the trouble before it has become too firmly fixed. Prudence would suggest the prompt use of Dr. J. H. McLean's Liver and Kidney Balm, which has specific action on the liver and kidneys, and will cause an early restoration to healthy conditions. Price \$1 a bottle. At J. F. Moore.

A Coweta county farmer recently went to town with a bale of cotton and a pointer dog. He sold the cotton for \$32.50 and the dog for \$23.

#### IT IS BAD.

Very bad policy to neglect symptoms of trouble in the kidneys. If allowed to develop they cause much suffering and sorrow. Bright's disease diabetes and dropsy owe their great prevalence and fatality to neglect of the first warning symptoms. Dr. J. H. McLean's Liver and Kidney Balm is a certain cure for any disease or weakness of the kidneys. A trial will convince you of its great potency. Price \$1.00 a bottle. At J. F. Moore.

There is no negro Representative in Georgia Legislature this session. This has not happened in a long time before.

#### A NEW TRIUMPH.

The Dreaded Consumption Can Be Cured.

T. A. Slocum, the Great Chemist and Scientist, Will Send to Sufferers, Three Free Bottles of His Newly Discovered Remedy to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the generous offer of the honored and distinguished chemist, T. A. Slocum, M. C., of New York City.

He has discovered a reliable and absolute cure for consumption, and all bronchial, throat, lung and chest disease, catarrhal affections, general decline and weakness, loss of flesh and all conditions of wasting away, and to make its great merits known, will send three free bottles of his newly discovered remedy to any afflicted reader of the Nugget.

Already his "new scientific system of cures" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it not only his professional, but his religious duty—a duty to which he owes to suffering humanity—to donate his infallible cure.

He has proved the "dreaded consumption" to be a curable disease beyond a doubt, in any climate, and has on file in his American and European laboratories thousands of "heartfelt testimonials of gratitude" from those benefited and cured, in all parts of the world. Catarrhal and pulmonary troubles lead to consumption, and consumption, uninterrupted, means speedy and certain death. Don't delay until it is too late. Simply write T. A. Slocum, M. C., 98 Pine street, New York, giving express and postoffice address, and the free medicine will be promptly sent. Please tell the Doctor you saw his offer in the Nugget. Jan. 28.

### DR. HATHAWAY & CO., SPECIALISTS. (Regular Graduates.)

Are the leading and most successful specialists and give you help.

Young and middle aged men.

Remarkable results have followed many years of successful experience in the use of our special methods.

Our special methods are of such a nature that we are enabled to cure cases which have been pronounced incurable by other physicians.

Springfield, Mass., U.S.A.  
Do not buy cheap imitations of ancient editions.

## A Wonderful Discovery.

The last quarter of a century records many wonderful discoveries in medicine, but none that have accomplished more for human life than the sterling old household remedy, Brown's Iron Bitters. It seems to counter the very elements of poor health, and neither man, woman or child can take it without deriving the greatest benefit. Brown's Iron Bitters is sold by all dealers.

## A STRANGE CASE.

### How an Enemy was Felled.

The following graphic statement will be read with interest. It cannot describe the many, every sensation that existed in my hands, arms, and feet. I had to rub and beat those parts until they were sore, to overcome the possession of them. In addition, I had a strange weakness in my back and head, and my waist together with an indescribable roomy feeling in my stomach. Physicians did not wish to treat me, from which, according to their universal conclusion, there is no relief. Once it fastened upon a person, they say, it continues its insidious progress until it reaches a vital point and the sufferer dies. Such was my prospect, but when in doctoring a year and a half ago, I met with a particular benefit, when I saw an advertisement of Dr. Miller's Restorative Nervine. I procured a bottle and began using it. Marvellous as it may seem, but a few days had passed, before every bit of that creepy feeling had left me, and there has been no return even the slightest indication of its return. I now feel as well as I ever did, and have gained ten pounds in weight, though I had run down from 120 to 110. Four others have used Dr. Miller's Restorative Nervine in similar cases as in mine. James Kane, La Rue, O. Dr. Miller's Restorative Nervine is sold by all druggists on a positive guarantee, or sent direct to Dr. Miller, 111 N. 3rd St., St. Louis, Mo., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It is free from opiates or dangerous drugs.

## "Blight"

costs cotton planters more than five million dollars annually. This is a enormous waste, and can be prevented. Practical experience in Alabama Experiment Station conclusively shows that the use of

## "Kainit"

will prevent the dreaded plant disease.

## MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

**McElree's Wine of Cardui** makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mr. ROBERT LEWIS, of Dallas, Texas, says: "I was troubled at monthly intervals with terrible pains in head and back, but have been entirely relieved by Wine of Cardui."

# THE NUGGET.

DAHLONEGA, GA., NOV. 11, '98.  
Entered at the Dahlonega, Ga. P. O.  
as Second Class Matter.

Brunswick is shipping cross ties to Cuba.

Forty-two states held election last Tuesday.

The Cuban soldiers now in Havana are dying of hunger.

The government now has 80 post offices in operation in Porto Rico.

Wade Hampton, col., was hanged in the jail tower in Atlanta last Wednesday.

James C. Allen has been appointed postmaster at Louisville, White county, Ga.

It is stated that there are no less than 5,000 cases of small pox in Holquin district of Cuba.

Two great meteoric showers are scheduled for November. The first on the 13th and the second on the 27th.

A cable from Havana says that 4,000 Cubans are entrenched at Bijau and may fight the Americans.

Union county is going to build a \$12,000 court house, and the tax rate for this year in that county is \$3.40.

In the present Georgia senate there are 22 lawyers, 3 doctors, 3 bankers and the remainder of the 44 are farmers and merchants.

The Georgia senate passed its first bill last Friday which gives the United States property at Warm Springs to cultivate fish.

The Georgia legislature adjourned Saturday until Wednesday in order to give the members a chance to vote in the Congressional election.

It has been ascertained by the legislature that an addition of \$50,000 will be needed to pay off the applications now pending for pensions.

Judge W. P. Jones, member of the legislature from Dougherty county, died of pneumonia in Atlanta last Sunday night after an illness of only a week.

A minister at Marietta preached a sermon by telephone the other Sunday to an afflicted member who was unable to attend and who had not heard a sermon in nine years.

Hon. L. F. Livingston has announced that he will run for the U. S. Senate in 1900. Ex-Governor Atkinson may be in the race, and it is said that Senator Bacon, whose term expires in 1900, will be a candidate for re-election.

The United States started the war for the sake of humanity, but now Uncle Sam is wanting even the Philippine Islands and much other valuable lands, which if given will leave Spain in about as bad condition as the "Starving Cubans" were at the beginning of the war.

Last Sunday morning an explosion occurred which wrecked the United States Supreme courtroom and the rooms immediately adjoining it. Valuable records have been destroyed and the damage is great. Gas meter or leaking jet supposed to be the cause of the explosion.

The state treasury is in bad shape. The undrawn balances of appropriations for this year were on October 1st \$1,695,020. The cash on hand at that time was \$320,000, and the estimated receipts for the remainder of the year were \$230,000. This leaves only \$445,020 to pay \$1,695,020. To this must be added \$200,000 borrowed to pay the July installment of the school fund. This makes \$1,895,020 to pay, with \$445,000 to pay it. The state's revenue is therefore \$1,450,020 behind the expenditures. This does not include in this year's revenue any of the taxes which fall due on December 20th, but those taxes and other miscellaneous receipts constitute the revenue for 1899, against which the appropriations of 1899 will be made.

## The Election.

Tuesday was one of the most quiet elections that ever occurred in Lumpkin county. There was no drinking, cursing, yelling, pulling nor hauling. Those who voted went up the polls and cast their ballots unmolested. Notwithstanding the fact that Col. Farrow of Gainesville, and the negro Rucker, of Atlanta, had sent out circulars requesting and instructing the republicans how to vote, but few of them turned out and most of those who did voted for Mr. Tate. Neither did the demagogues all come out for they were busy and knew that there was no danger of their candidate being defeated. A number of districts failed to give Mr. Brooke a single vote. He would have done better had it not been for Rucker's instructions. The white people of this section do not wish to be dictated to by a negro, no difference what their politics are.

The vote by districts is as follows: Auraria, Tate 46; Brooke 2; Chestate, Tate 29; Cane Creek, Tate 11; Brooke 3; Crumby's, Tate 4; Dahlonega, Tate 199; Brooke 3; Days', Tate 6; Brooke 1; Frog Town, Tate 9; Hightower, Tate 6; Jones' Creek, Tate 6; Martin's Ford Tate 15; Mill Creek, Tate 12; Brooke 8; Nimblewill, Tate 14; Brooke 6; Porter Springs, Tate 9; Brooke 1; Shoal Creek, Tate 6; Brooke 5; Wahoo, Tate 11; Brooke 1; Yahoola, Tate 14; Brooke 1. Total votes polled 429. Tate 397 and Brooke 32.

From Hon. F. M. Williams.

ATLANTA, GA., Nov. 7, 1898.  
W. B. TOWNSEND, Esq.,  
DEAR SIR:

I have read your paper each Saturday and wish you to continue sending it. It is just like meeting a friend from there and conversing with him for two hours.

I hope the citizens of Lumpkin will let me hear from them. If they wish a bill of any sort looked after all they have to do is to let me know. Do they want the Australian system of voting? Do they need a board of roads and revenues? Do they want the teachers institute abolished? Do they want the stock law amended? If so how? Do they want the solicitors paid a salary? I hope to hear from you at the end of each week.

Respectfully,  
F. M. WILLIAMS.

## Stop Coughing

Every cough makes your throat more raw and irritable. Every cough congests the lining membrane of your lungs. Cease tearing your throat and lungs in this way. Put the parts at rest and give them a chance to heal. You will need some help to do this, and you will find it in

## Ayer's Cherry Pectoral

From the first dose the quiet rest begin: the tickling in the throat ceases; the spasm weakens; the cough disappears. Do not wait for pneumonia and consumption but cut short your cold without delay.

Dr. Ayer's Cherry Pectoral Plaster should be over the lungs of every person troubled with a cough.

Write to the Doctor.

Personal opportunities and fair experience eminently qualify us for giving you medical advice. Write freely all the particulars in your case. But do not wait until you are ill. We will give you a prompt reply, without cost.

Address, Dr. J. C. Ayer, Lowell, Mass.

## From a Lumpkin Boy, Now in Cuba.

SANTIAGO, DE CUBA,  
Oct. 24, 1898.

ED. NUGGET.

I will write you a few lines for the benefit of my friends. When we reached the harbor of Santiago the first thing to be discovered on our transport was four cases of yellow jack. There were held in quarantine for three days. Not one could go ashore, and on the third day we were put on shore and orders came to go in camp on Lawton's hill where we remained ten days. Then we were moved to the Spanish barracks where we now remain. We have a lot of fever of different kinds. At one inspection in Co. D, which I belong, we had only four privates out of 97 that were able for duty. So you can guess what kind of a place Cuba is at this season of the year and it seems to get worse. Every man that gets his discharge leaves out as soon as a boat sails, and if I am in Cuba when my time expires you can bet I will come to Georgia, though I am not tired of soldiering but of Cuba.

W. H. DUNCAN,  
Co. D. 5th Infantry.

Mr. Lee's Reply to Mr. Davis.

YAHOOOLA, NOV. 7, 1898.  
ED. NUGGET.

Will you please allow me space in your paper to reply to Tilton Davis' card? In the first place I did not tell a lie and can prove that Davis did destroy the rails or allow it done while in charge of the paper's home. Davis was very bold in saying that I told a positive falsehood. I am not made of that sort of material and do not wish to be published in our county paper in this way when I am fully able to prove what I told the committee.

THOMAS LEE,  
Overser Papers Home.

The bill has been introduced in the legislature to abolish the geological department of the state. It has been of little benefit to Georgia for the past few years and we don't care about it. If competent men who are willing to discharge their full duties, had been put in charge of this department it would have been a very important branch, as it is it amounts to nothing. As a miner suggested the other day, let the legislature appropriate a sufficient amount of money to make a map of the gold belt so that its width can be ascertained, and wherever it "pinches" let it be marked so, matters not who owns the property. Prof. Yates has consumed too much time in looking up the titles to property. This is all useless. Tell where the gold is and the purchaser will look out for the titles. That is his business.

The states financial condition up to October 1st is as follows: Amount of cash on hand up to that time \$120,000.57. Undrawn appropriations—amounts spent by the last legislature and unpaid—\$1,495,020, and to which must be added the debt of \$200,000 which Governor Atkinson contracted in New York to relieve the school fund. Total amount \$1,695,020.00. Net deficit \$1,575,015.40. Treasurers report will be ready up to Nov. 1st in a few days. Treasurer says the tax rate for 1899 will have to be 6.94, being the highest in Georgia's history.

Republicans carried New York Tuesday. Col. Roosevelt was elected by about 20,000 majority. Democrats were victorious in North Carolina. Seven democratic congressmen, but one negro and one populist. 60 majority in the house for the democrats and 30 majority in the senate. Every democratic candidate in Georgia were elected. It is not known at this writing which party will have a majority in the next house of congress. Both claim it. No rioting occurred in North Carolina.

Hon. Thos. R. R. Cobb, of Atlanta, died at Colorado Springs on the 2nd inst. of consumption.

## Local Chat.

Joseph Lence tells us that he got tired of packing mail to and from Yahoola post office and will carry it in the future on a horse.

Our Wahoo NUGGETS got into the wrong sack last Friday and went up to Yahoola is the reason they didn't reach their destination on time.

J. W. Weaver showed us a nice lot of gold last Tuesday which he dug out on his property known as the old Benny Parks farm. It is a deposit mine and is giving satisfactory results.

We heard an old gentleman say the other day that when married women commenced wearing flowers on the bosom of their dresses they were getting displeased with their husbands and were setting their pegs for another man.

Clard, the little twelve-year-old boy of W. B. Owen, is said to have become crazy within the past few days. He will be out at play and all of a sudden place his hands to his breast and commence screaming at the top of his voice.

On account of the increase of 50 cents on the thousand for shingles in Dahlonega Mr. Edwards has leased Jim Huff's machine and will put it up and turn out shingles near Siloam Springs to all that want them at the same old price.

Frank McDonald decided not to enlist in the army. Good idea. There is plenty of good water here and it is best to stay with it. Just think of those poor soldiers who were stationed in Kentucky that wanted water so bad that their tongues hung out of their mouths while a pitcher full sold at \$1.25.

Last Sunday Rev. W. H. Cooper was to preach his last sermon in Dahlonega at the M. E. Church, but was prevented by sickness. His place was filled by Rev. Mr. Parks, who delivered a splendid sermon to a crowded house. All our citizens seem to be well pleased with Mr. Cooper and hope that he will be returned to Dahlonega for another year at least. He preaches his last sermon at Auraria next Sunday.

All the mining operations of the Hand & Barlow Co. have closed down and will go into the hands of the Dahlonega Consolidated Gold Mining Co. A general clean up has taken place at these mines within the past few days. We saw Tom Ray coming into town with a handful of gold weighing 88 pennyweights, which he had dug out at the Yahoola. Tom has had it leased for some time and says that he hates to give it up, as he has been making money.

Tuesday when the election returns were consolidated the ordinary informed the board that there was no money in the treasury to pay the 18 cents postage on them to Atlanta and in order for the returns not to be left out in the final count the managers chipped in and paid the postage all except two cents and Judge Tate and his son contributed it. The ordinary in assessing the taxes hereafter should add enough to pay all necessary postage.

## Your Doctor Knows

Your doctor knows all about focus and medicine. The next time you see him, just ask him what he thinks of

## Scott's Emulsion

of Cod-Liver Oil with Hypophosphites. He is willing to trust in his answer.

For twenty-two years doctors have prescribed our Emulsion for paleness, weakness, nervous exhaustion, and for all diseases that cause loss of flesh.

Its creamy color and its pleasant taste make it especially useful for thin and delicate children.

No other preparation of cod-liver oil is like it. Don't lose time and risk your health by taking something unknown and untried. Keep in mind that SCOTT'S EMULSION has stood the test for a quarter of a century.

See and hear all druggists, SCOTT & BOWNE, Chemists, New York.

At a caucus held at the Kimball House the other afternoon 47 members of the house of representatives organized to shape reform legislation. If these members are going to be permitted to do the business of the legislature, let the others come home.

## A. G. WIMPY'S LAND, NOTES, ETC., FOR SALE.

Will be sold before the court house door, in Dahlonega, just after the legal sales, on first Tuesday in December next, to the highest bidder for cash, the following property belonging to estate of A. G. Wimpy: Lots of land Nos. 113, 124, 183, 321, 246-12th district, 1st section, 53, 245-15th district, 1st section. Also the notes, accounts, and judgments of said estate in batches of five and ten.

A. W. MEADES, et al, Ex's.

GEORGIA—LUMPKIN COUNTY.

John R. Graham having made application to me in due form to be appointed permanent Administrator up on the estate of John B. Graham, late of said county, notice is hereby given that said application will be heard at the next regular term of the Court of Ordinary for said county, to be held on the first Monday in December, 1898. Witness my hand and official signature, this November, 1898.

W. H. C. TATE, Ord'y.

## NOTICE TO DEBTORS AND CREDITORS.

All persons indebted to the estate of the late Charles A. Besser will pay the same to the undersigned. Persons having claims against the estate will file the same in terms of the law.

W. P. PRICE, Administrator.

## LUMPKIN SHERIFF'S SALES.

Georgia, Lumpkin County. Will be sold before the court house door in Dahlonega, Lumpkin county, Ga., on the first Tuesday in December 1898, within the legal hours of sale, to the highest bidder for cash, the following property, to wit:

Lot of land No. 74 in the 12th district and 1st section of Lumpkin county, Georgia. Levied on the property of James H. Riker and L. C. Gaddis to satisfy a debt issued from the Justices Court of the 95th District, G. M. of said county in favor of John Simmons against the said defendants. Levy made and returned to me by J. F. Perdue, L. C. Nov. 8, 1898.

J. M. BROOKS, Sheriff.

## LEGISLATIVE NOTICE.

Notice is hereby given that a bill will be introduced at the present session of the legislature to enable an act to establish a board of roads and revenues for Lumpkin county.

## Hatfield & Evans'

# THE NUGGET.

DAHLONEGA, GA., NOV. 11, '98.

Sheriff Brooksher went down to Gainesville Wednesday.

C. H. Jones, Jonas Seabolt and S. D. Grindle also signed tax collector Sargents state bond.

Miss Emma Langston of Jonesboro, a student of the Dahlonega College is very sick at this writing.

J. F. Moore has purchased a bran new delivery wagon which is on the move from morn till night.

Read the letter elsewhere from a Lumpkin county boy now in Cuba and you won't want to join the army.

Col. W. P. Price was appointed administrator upon the estate of C. A. Besser, deceased, last Monday by the Ordinary.

Old Uncle John Cavender has moved over from Union county and is now permanently located in Dahlonega. Welcome.

Jack Wehnt, who out a big figure at a baptizing some time ago, was arrested by the Sheriff last Monday. He made bond.

Alex. Davidson has been appointed post master at Cleveland in place of Stancel, who was turned out on account of the conduct of his boy.

Those subscribers whose terms expire in a short while had better begin to make arrangements to renew if they wish to continue reading the NUGGET.

Miss Mand Brogdon, who has been on a visit to Dahlonega for sometime as the guest of Mrs. Strickland, left for her home at Swannoe last Wednesday.

As will be seen elsewhere a bill will be introduced in the legislature asking for a board of road and revenues for Lumpkin county. If this bill passes it will save the expense of so many committees. In other words three men will be able to keep up with the entire business of our county.

That was a happy and lovely reunion that occurred last Monday in the outskirts of the town at which place was supposed to be a lonely spot. If these reunions continue they will sooner or later furnish material for the divorce mill and will cause the parties to come to grief, especially the woman.

The pastor of the colored M. E. church at Dahlonega is certainly a faithful worker in the cause of religion. He travels by foot to fill his appointments in this as well as other counties and when he arrives at Dahlonega he even blows the horn and lights up the church. The membership of his church here is very small. But little good has been accomplished since one of the sisters gave a dance in the parsonage some years ago.

Last Saturday night the Decora Society met in open debate at the college. J. D. Twitty and N. H. Maddox delivered splendid declamations which were listened to with interest. Then the subject, "Resolved, That the negroes should be colonized in Africa" was debated on the affirmative by R. L. Johnson and H. F. Wood and on the negative by F. H. McCleskey and B. H. Landrum. After a very interesting debate president Lee Slosby rendered his decision in favor of the negative.

J. F. Moore has just received a lot of cooking stoves, lap robes, ladies, mens and boys Mackintoshes, saddles, extra stirrups and various other new goods. Different kinds of clocks. Has what is called the tattoo alarm clock for the use of sleepy headed people who wish to rise at a certain hour. You can set it at the hour desired and when that time comes it will commence striking rapidly and continue until you have to get up and stop. It or it will wake up every man, woman and child in the neighborhood and cause the dogs to bark, ducks to quack and chickens to cackle. Call and see it.

Our friend J. B. Brown and his good lady are on a visit to Jackson county.

The negroes had another 'possum supper, but it was more quiet and of less benefit to the town council than the first one.

H. D. Gurley has the largest line of canned goods ever brought to Dahlonega and at guaranteed Atlanta prices. Also oranges and bananas.

It is said that a certain father and his son both got drunk on wine in Dahlonega last Sunday. They had a fight and the boy made his daddy give the eagle squall.

Mrs. Diana, wife of Wm. Postell, Sr., died near Porter Springs last Wednesday morning after a long spell of sickness and much suffering. Her remains were interred at Yahoola cemetery the next day.

PHOTOGRAPHS.—Mr. H. A. Jordan will open a first class photograph gallery in Dahlonega about the 15th of November. The very best style of work at the very lowest prices. Special rates for the first ten days.

The mail carrier informs us that Col. Farrow says that he is now willing to sign the petition asking the post office department to re-establish the mail route via Price post office. Even the wisest people can see their mistakes sometimes.

Dr. Vandegriff was down from Porter last Saturday. The Doctor came to this county from North Carolina first of the year and located at Porter Springs and is a man who makes friends wherever he goes, and is doing so well in his profession that he has subscribed for the NUGGET and permanently located up at that famous watering place.

The little three-year-old girl of Wm. Tolbert died last Saturday after a brief illness, which was buried the following day at 4 o'clock. His suffering was great but it is relieved of all this and has gone to rest. We know how to sympathize with the parents because we lost one near its size a number of years ago.

George Jenkins secured a horse at the livery stable last Sunday afternoon and went down to Auraria during which time he has been handling some very valuable iron, gold and other ores.

The N. G. A. College is in a more prosperous condition than it has ever been and a larger attendance which is due to the efforts of its president, Prof. Stewart, as well as the other members of the faculty. They lose no time and whenever there is an opportunity offered where something can be said or done in its behalf one or more of the teachers are always on hand ready and willing to discharge the duty. Dahlonega and Lumpkin county are proud of this noble institution of learning, its teachers and all those connected with it for it is doing a great good throughout the entire state.

Last Monday morning upon entering our office we found the following short epistle just inside of the door, near a crack: "You had better mind what you publish or you will get your trotters knocked up." We expect to continue to publish just what we please. Such notices as the foregoing doesn't alarm us the least bit as far as personal injury is concerned. There is no danger in a character who is too big a coward to face a man and make known his wants in a gentlemanly manner. There is no gentleman that will do a thing of this kind, but is a so called human that has got so much low down meanness in him that he would not hesitate to take a sheep, rob some young girl or woman of her character, steal nickles off of a dead negroes eyes or do anything else that is degrading.

Col. Lilly made a business trip down to Conyers last Friday.

Miss Ethel Harris, of Murrayville, is visiting relatives and friends in Dahlonega.

Al Roberts has been sick for several days but is recovering and we hope he will soon be as stout as ever.

J. B. Thomas of the Dawsonville Advertiser, and his little girl were in our city a few hours last Monday.

In a short time a sufficient number of hands will be put on the iron belt in Lumpkin to open it up and ascertain its width through the entire county.

Col. W. P. Price, one of the members of the board of education informs us that a new school house will be built at Auraria, Long Tube and one near the county farm.

When the Calhoun dam was completed last week and it filled up the water backed nearly a mile and a half up the stream and about the next thing we hear of will be a damage suit.

The days are getting short now and some of laborers have to leave home so early of a morning and return so late at night that they only get to see their children once a week and that is on Sunday.

Arch Anderson is now rooming over at G. McGuires above 25 coffins is the reason he wears such a sad appearance and never laughs unless some lady causes him to by replying to his words of love in an appreciative manner.

The scales in our town need regulating. We don't believe that there are any two of them that will weigh you alike on the same day. This shows that several of them are wrong—either weighing too much or not enough.

J. W. Satterfield, who has been corner of Lumpkin county for many years, made his bond this week so as to give us two more years of his service. His bond was \$500 and was signed by Henry Duckett and J. B. Clements.

For several days Squire Worley has been traveling over the county taking options on different kinds of mineral property for the Dahlonega Consolidated Mining Co., during which time he has been handling some very valuable iron, gold and other ores.

Colquit Head and Miles Stargel fell out one day last week at Andrew Heads corn shucking and were about to hitch when Joe Moose took it up for Stargel, but a big fight was prevented by friends interfering. There was no liquor in this trouble. Fell out about something else.

It is reported that W. I. Freeland and his whole family are sick over in the eastern portion of the county, supposed to be from the effects of poison. It was first stated that the poison was believed to be in some coffee which they borrowed. Since then we learn that they think it was in the spring. The old gentleman and his wife have been dangerously ill while the rest of the family were not so bad off. We can't understand why any one should want to get rid of these people, for they are among the best citizens of the county.

Col. Price took occasion at the temperance meeting last Sunday night to pay the NUGGET a compliment in his address for the stand which it made in the late campaign against the use of liquor by candidates. Colonel, what we said in the past campaign were merely introductory remarks. If we live until the next race we will make it so warm for them that they will not need any liquor to heat up on. We will also do our duty in the grand jury room in reference to candidates treating on liquor. Really this is the best place to do the proper work when people pay no attention and run rough shod over the law. The ice has never been broken. When it is we will not hear of a dozen fights and a murder at one election in the county.

Misses Emma and Janto Cavender, after an absence of two months off on a visit, returned last Sunday.

A beautiful stock of new lamps will be found at J. F. Moores cheaper than can be had in town. Nice paper lamp shades from 5 to 15 cents each. Just half what they cost you elsewhere. The very thing for students.

Very slow progress has been made on the new school house for like of framing material. A number of mechanics have been idle for weeks waiting for it, and the result will be we will have no school house on the first day of January.

Judge Tate finds that he will have to build one of the pillars at Bearden's bridge on this side of the river almost new, on account of it being bursted. The work is progressing rapidly and will be ready for the bridge men by the time they wish to go to work.

There is no one that ever lived in Dahlonega yet but what liked the place. Recently a family moved to an adjoining county who had lived here for some time and we are told that the young lady has cried every day since to come back. Come to Dahlonega if you wish to live a happy life.

We can safely predict one thing without contradiction, and that is this, we will have three first class roads leading from Dahlonega to Gainesville by next spring court, which are: One via Bearden's bridge, Neisler Ford and New Bridge. Because the hands and overseers are not aware which one Judge Estes will travel when he comes to our court. Should he come one that is in bad condition the public will hear from him.

Young Mr. Smith, one of the speakers in the recent oratorical contest in Atlanta, informs us that he has been notified that several hundred dollars were made up during the speaking which will be divided equally between the four colleges that participated in the contest. It is not known here how much the Dahlonega college will get to its part yet but the boys have decided to hold it over and pay their expenses to the next contest during 1899.

Seasoned lumber for the new school house is being shipped from Gainesville, which can be laid down here a good deal cheaper than it can be delivered by our mill men. It does look like our saw mill men could arrange and furnish lumber cheap enough so as to prevent sending our money off out of the county 25 miles to another point. Such as this is injurious to our section. It takes the money away out of our reach, tears down our industry and builds up another elsewhere.

It cost about fourteen dollars to feed and doctor Will Calloway who attempted to kill himself while imprisoned here by eating glass and matches, which will doubtless have to be paid by the tax payers of Lumpkin as there seems to be nothing against the man in Union county. If so the sheriff has failed to be informed of the fact. It is a pretty heavy expense to hold a fellow in prison because somebody said that somebody had reported that somebody saw a fellow who thought there were two warrants against him in Union county.

At the recent quarterly meeting at Dawsonville they passed a resolution asking that Rev. Mr. Cook, the presiding elder of this district, be returned. We guess the members of the Methodist church here would have unanimously made the same request had they thought of it. They were so busy getting up their little note that they never thought of anything except the present and then fell behind about \$50, but this amount will be settled before many weeks. Some of our people got so badly mixed up in politics that they never thought of the Lord, much less the preacher, and forgot to say up anything scarcely.

M. J. Williams visited his old home across the mountain last Friday.

Last Saturday was Quarterly Conference. The presiding Elder was promptly on hand to discharge the duties that are fixed for him to look after.

The 'possum trade seems to be increasing in Dahlonega. A boy came in the other day with ten and he didn't drive across, the square until all were disposed of.

Did you every think about it. No man was elected in the recent election who did not announce his name in the NUGGET except J. W. Satterfield and he had no opponent.

Our merchants are now paying 50 cents for apples, 60 cents for pears, 75 cents for Irish potatoes, from 25 to 40 for sweet potatoes, 20 cents for butter, 12-12 for eggs and good prices for chickens—owing to size.

Clerk of the Superior Court Wallace made his \$3,000 bond latter part of last week. It is like all the rest of the county officers bonds that were previously made—a good one. Those signing it are J. F. Bruce, G. Hughes and John Huff.

The NUGGET is always on time promptly. It is never too late or too early. On Friday mornings by the time the sun begins to peep over the eastern hills all our mail is in the post office ready to be distributed to its many hundred readers.

The death of the wild turkey last week at the hands of Logan Campbell has caused quite a number of youngsters to lay aside every thing else and go out hunting. There is no telling the amount of idleness the death of one wild turkey causes.

Our old friend and patron, W. J. Ayery was so anxious to vote for Carter Tate that he came to town just one week before the election to cast his ballot for him. The old man is quite feeble, lame in one leg and hard of hearing but he is just as strong a democrat now as when 21.

Dr. Winburn, the dentist, after remaining several days in Dahlonega, returned to Gainesville last Saturday. The Doctor says that he is thinking of locating in Dahlonega. We hope he will for he is a nice, clever gentleman, one that is highly respected by all our citizens who know him. Besides this he is a good dentist and can fix all the young ladies and young gentlemen's front decayed teeth who are candidates for matrimony so that they can smile lovingly without any embarrassment whatever.

R. C. Wood, who had commenced some improvements on his property a few miles above town, left for Florida last Saturday. The recent grand jury raised the taxes on his property, as well as many others, and as soon as the old gentleman found out the action of the body he suspended work and left out at his earliest convenience. He had underway the construction of a dam with the intention of building a saw mill and probably anticipated putting up other machinery which would have proved beneficial to the neighborhood as well as to himself. In its present condition it is worth nothing to any one saying nothing of the hands it has thrown out of employment. Grand juries sometimes act too hastily and we believe that this is one of the times. If he had been let alone he would have completed his work and put it in a condition so as to have added a great deal more in the way of taxes than it has been assessed. It is true that he had a proposition for one of his lots by a member of that body but he did not feel disposed to sell it because he was preparing to sell things in shape so as to make the property much more valuable than the money he was offered for it. There are other properties raised that are in a similar condition to that of Mr. Wood's. No grand jury knows what is under the ground. Even Prof. Yeates, the state geologist, can't tell us.

Mrs. L. Q. Meaders is still quite sick.

Geo. W. Walker, Jr., of Porter Springs, speaks of going to Arizona first of January.

Col. Price informs us that he has sold the old Baptist church property to Mrs. Martha Cain who will convert it into a dwelling and occupy it.

During the late oratorical contest some of the cadets could not get they said on account of not having the means to pay expenses. Some money was made up for this purpose and we are requested to ask what become of it.

Our friend Wm. Campbell was down visiting his relatives here last Sunday from White county. He can't get his NUGGET in less than five days from the time it is sent out and had not heard of the defeat of his county man for judge until he reached Dahlonega.

We regret to learn that Isaac Anderson, residing a few miles out in the country is very sick again. He had been sick a long time and was recovering when he served on the special jury at the last term of the court which gave him a back set. We trust that he will yet recover.

We understand that Capt. Hall will get his grist mill and other machinery running at the Chestatee in about a week or ten days. When completed it will be the best mill in this section, if not in the state. In fact we heard a northern gentleman, who spent a few days here, state that it was the best lot of machinery he had seen since being south.

We begin this week the publication of the jury list as revised by the commissioners last August which will be found on our first page. The list will be continued from week to week until it is all published. If you want to be posted as to who is in the jury box of Lumpkin county keep your eye on the NUGGET and cut out the list and save it. Then you will not have to run to the clerks office every time you want to know something about it.

The young people growing up now should accept the educational advantages that are offered. Look at some of our new county officers. They are good men but unable to write—no way of finding out what is going on in the world unless some one takes time to talk and read to them. Last week the principal and two secretaries went to sign a county bond and only one out of the three could write his name. There were no free schools while these gentlemen were growing up. But to-day it is different. Education is free and convenient to every child, matters not how poor it is, and there is no excuse for a single one not reaping the benefits. But with all these advantages many children are growing up in ignorance because their parents let them pass the precious time away at play instead of sending them to school.

One day recently while Ben Moore was returning from the Big Joe Mine a lady sent a sack containing apples and potatoes to her daughters who are going to school at Dahlonega. When Ben arrived it was after dark. He called where the young ladies were boarding and handed one of them the sack. He was promptly thanked for his kindness and handed what the lady supposed to be an apple. He thanked her, saying that he did not wish any but the lady insisted stating that it was] one of "mamas favorites—Wine Sap, take it." He did so and dropped it into his pocket. Upon returning to his room after supper he decided to eat at his apple, but when he took it out he found that the lady had made a mistake and given him a sweet potato which her mother had placed on top of the apples. He ate it all the same and would have eaten two had the lady given them to him. After he left the lady was very much shocked when she discovered her mistake.

Washington (Ga.) will soon have more and better hotels than any other place of its size. The late Robert Toombs' always opposed the erection of a hotel. He declared that when a good man came to town he was welcome at Toombs' home. If he was not a good man he was not wanted in the town at all. Crawfordville never had a decent hotel till Mr. Stephens died. Every visitor in that town put up at Liberty Hall.

When the liver and kidneys are diseased it produces a feeling of despondency and gloom of mind that it is impossible to shake off. The victim needs the help of a remedy that will restore the deranged organs to their normal healthy condition. Dr. J. H. McLean's Liver and Kidney Balm will bring about this result by stimulating them to increased activity in removing the waste of the system it restores health and vigor mind and body. Price \$1.00 a bottle. At J. F. Moore.

Fifty-two years ago John Malory was hanged at Thomaston, Ga. The street force, while doing some work dug his skeleton up last week as he was buried by his gallows. The remains were reinterred.

Pains in the small of the back indicate a diseased condition of the kidneys. Owing to the dangerous nature of the diseases which attack these organs it is important that measures should be taken to remove the trouble before it has become too firmly fixed. Prudence would suggest the prompt use of Dr. J. H. McLean's Liver and Kidney Balm, which has specific action on the liver and kidneys, and will cause an early restoration to healthy conditions. Price \$1 a bottle. At J. F. Moore.

On old Indian mound in Miami Valley, Ohio, has been opened and around a skeleton was found two bushels of pearls or about 100,000 imitations.

IT IS BAD.  
Very bad policy to neglect symptoms of trouble in the kidneys. It follows to develop they cause much suffering and sorrow. Bright's disease diabetes and dropsy owe their great prevalence and fatality to neglect of the first warning symptoms. Dr. J. H. McLean's Liver and Kidney Balm is a certain cure for any disease or weakness of the kidneys. A trial will convince you of its great potency. Price \$1.00 a bottle. At J. F. Moore.

A NEW TRIUMPH.  
The Dreaded Consumption Can Be Cured.

T. A. Stocum, the Great Chemist and Scientist, Will Send to Sufferers, Three Free Bottles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the generous offer of the honored and distinguished chemist, T. A. Stocum, M. C., of New York City.

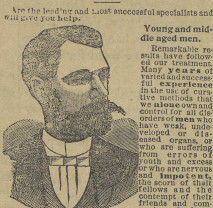

He has discovered a reliable and absolute cure for consumption, and all bronchial, throat, lung and chest disease, catarrhal affections, general decline and weakness, loss of flesh and all conditions of wasting away; and to make his great merit known, will send three free bottles of his newly discovered remedies to any afflicted reader of the NUGGET.

Already his "new scientific system of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it not only his professional, but his religious duty—a duty to which he owes to suffering humanity—to donate his infallible cure.

He has proved the "dreaded consumption" to be a curable disease beyond a doubt, in any climate, and has on file in his American and European laboratories, thousands of "heartfelt testimonials of gratitude" from those benefited and cured, in all parts of the world.

## DR. HATHAWAY & CO., SPECIALISTS. (Regular Graduates.)

Are the leader and most successful specialists and will cure you help.

Young and middle aged men. Remarkable results have followed our treatment. Many years of experience in the use of our system, we have seen and cured thousands of men who were weak, tired, nervous, or who were suffering from errors of the system, or who were suffering from the effects of their own or their fathers' sins. We have cured them of their diseases, and we will cure you. If they can possibly will afford a cure.

WOMEN: Do you want to get cured of that weakness with a treatment that you can use at home without treatment? Our wonderful treatment has cured others. Why not you? Try it. CATARRH, and diseases of the Skin, Blood, Liver and Kidneys.

Address or call on  
DR. HATHAWAY & CO.,  
22 1-2 South Broad Street, ATLANTA, GA.

## In Poor Health

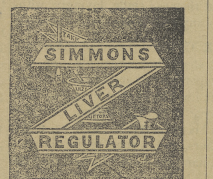

means so much more than you imagine—serious and fatal diseases result from trifling ailments neglected. Don't play with Nature's greatest gift—health.

## Brown's Iron Bitters

It Cures  
Dyspepsia, Kidney and Liver  
Neuralgia, Troubles,  
Constipation, Bad Blood  
Malaria, Nervous ailments  
Women's complaints.

Get the bottle that has crossed red lines on the wrapper. All others are substitutes. Two stamps we will send set of Ten Beautiful World's Fair View Cards.

Extra Office: 820 Broadway, N. Y. BELVIDERE, ILL.

## A STRANGE CASE.

How an Enemy was Foiled.

The following graphic statement will be read with intense interest. "I cannot describe the numb, creeping sensation that existed in my arms, hands and legs. I had to rub and beat those parts until they were sore, to overcome in a measure the dead feeling that had taken possession of them. In addition, I had a strange weakness in my back and around my waist, together with an indescribable agonizing feeling in my stomach. Physicians said it was creeping paralysis, from which, according to their universal conclusion, there is no relief. Once it fastens upon a person, they say, it continues the traditional process until it reaches a vital point and the sufferer dies. Such was my progress. I had been doctoring a year and a half steadily, but with no particular benefit, when I saw an advertisement of Dr. Miles' Restorative Nervine, procured a bottle and began using it. After four days I felt better, but a few days had passed before I was able to get up. I had been doctoring a year and a half steadily, but with no particular benefit, when I saw an advertisement of Dr. Miles' Restorative Nervine, procured a bottle and began using it. After four days I felt better, but a few days had passed before I was able to get up. R. H. BAKER,  
Attorney at Law,  
*Dahlgren, Ga.*  
All legal business promptly attended to  
mr. 1 ly

# THE NUGGET.

DAHLONEGA, GA., NOV. 12, '98.

Wade Wilson was acquitted last Saturday of illicit distilling by Com. Baker.

Preacher Cook and some of our citizens expect to leave for the conference tomorrow.

Mr. Tom Lenly and Miss Lizzie, daughter of Rev. J. C. Higgins, were wedded last Sunday.

The Atlanta Weekly Constitution and Nugget both twelve months for \$1.75. No less.

It is said that Reta Adams returned to Gainesville and got a position in the street chain gang.

Just before going to press we find another note under the door. It will receive attention next week.

Judge Brittain is having some repairs made on his dwelling just across the street from the NUGGET office.

J. W. Hulsey fell from a twelve foot ladder the other day while working at the Chestate, injuring him so as to cause him to have to use a crutch and a stick.

Col. Charters left for Florida last Monday, where he goes with some other parties on a fishing expedition. He was accompanied as far as Atlanta by Mrs. Charters.

Jus. A. Grizzle, Sr., aged 78, cuts two and a half cords of eight foot wood at the Casement mine every day and puts it up. Can any old man in the state beat this?

The college boys at the dormitory have already 17 turkeys on hand. They are going to have a big dinner on next Thursday and invite the faculty and their families to dine with them.

It seems to be a hard matter for the NUGGET to reach Landrum, down in Dawson county. We see it put in the mail bags here every week, which proves to us that some one further on is to blame.

Remember that you cannot vote in the Mayors election unless you register according to law. If your name does not appear on the councils register list for this year you had better have it put there if you wish to vote.

A few days ago W. S. Huff waived examination and gave bond for his appearance at the next term of Lumpkin Superior Court, on a warrant sworn out by Joseph Ferguson charging him with cheating and swindling.

Persons who call for subscribers NUGGETS at the post office at Dahlonega give us, as well as the postmaster, a good deal of trouble when they fail to deliver them to the ones they belong to. It is just as much harm to take a mans paper out of the office, when you fail to give it to him, as it is to pass by his chicken roost and carry off a chicken. If you wish to read the NUGGET subscribe for it and do not depend upon your neighbors for theirs.

It is reported that they had lively times up in Yahoola district last week at the residence of Wm. Postell whose wife lay a corpse at the time. It is said that the night before Mrs. Postell was buried James Satterfield went into the room intoxicated where she lay and shot a pistol ball through the floor and threw a vat into the fire. It is also reported that when they went to put the face veil on the corpse which had been prepared, it was discovered that some one had stole it. Two quarters were also removed from the eyes of the dead woman and could not be produced. The evening after the funeral one of the old mans daughters went back and got into a row with a girl who was cooking at his house and would have fought had not some one interfered. Since then two of Postells boys have been seen in Dahlonega trying to fix to sell the old man out. Then in order to cap the climax the third son was in town Wednesday, just one week from the time his mother died, playing "Little Blackened Smie" on the fiddle, putting both feet

Farmers can get a good price for their apples in Dahlonega now.

Mrs. James L. Rice leaves this week on a visit to Ducktown, Tenn.

See Mayors notice of election elsewhere and govern yourselves accordingly.

Mrs. J. C. Brittain returned from a three weeks visit to Dawson county and Gainesville last Monday.

The convention for the selection of a mayor and four councilmen of Dahlonega meets on Saturday night the 28th inst.

If you wish to become a subscriber to this paper enclose a money order to the NUGGET, W. B. Townsend or to the Best Paper published in Dahlonega and we will get it.

Ben Moore got one of his eyes hurt the other day while out driving and was unable to go see his girl last Sunday on account of having his eye shaded with a handkerchief.

The Dahlonega postmaster was notified by the post office department by Mondays mail that the mail from here to Gainesville would be carried the old route beginning December 12th.

Monday morning the Decora Society met and elected the following officers: President, R. L. Johnson. Vice-Pres., W. J. McKee. Rec. Sec., H. F. McCleskey. Treasurer, Paul Sobesee. Cor. Sec. A. W. Cain. Librarian, L. P. Langston. Critic, J. V. Arrendale. Chaplain, Mr. Prance. Sergeant-at-Arms, S. A. Harris.

Some of the lady members of the Methodist church say that they are determined to have a Christmas tree this year for the children. If some of the male members who are spending a good deal of money for liquor will hold up and contribute it for presents instead of liquor it will be a great help to the ladies in their efforts to please the children. Then they will not be ashamed for strangers to know that they belong to the church.

Some of our citizens watched two or three nights this week to see the "stars fall" which was predicted by the astronomers, and arrangements were made for the college bell to be rung when the "falling" commenced so that all might witness the grand sight. But the bell didn't ring for our astronomers are just a year ahead of time according to history. And the Lord is not going to make a change in His program just to please the people.

Some four or five mechanics are now employed in converting the old Baptist church into a dwelling. This was used as a church for many, many years and hundreds of people who professed religion in it (the old time religion) have long since gone to their reward and are numbered with the blessed. If as much good is accomplished in the large new building as was in the old one, which is much smaller, the members of the church may feel proud.

The mail contract from Dahlonega to Half Way, three times a week, has been awarded to J. B. Anglin, Marensville, Va., for \$89.88. The contractor now wants to let some body have it for \$70. We would advise our friends to let the Virginian carry it. It's got so that a resident of the county nor that the state can get to carry a mail unless they sub contract it from some fellow who resides hundreds of miles away. This mail goes in to effect Dec. 12.

The Phi Mu Society held their open debate Monday night. At the opening of the debate J. H. Byers and H. D. Gurley, Jr., delivered splendid declamations. Then the speakers discussed the subject, "Resolved, That the U. S. should hold all territory gained by the Hispano-American War." The negative speakers, I. O. Parker and R. L. Rowchee did their best but the unequalled eloquence and logic of the affirmative speakers, T. W. Fielding and W. Mahro, gained for them a most decisive victory. L. N. Shahan presided over the debate.

Much local matter is crowded out on this page. Look on the first.

Many of the colored brethren were intending to go up to Cleveland last Sunday to hear a woman preach but were prevented by the rain.

We regret to learn of the sickness of a daughter of Geo. Cochran, of Nimblewill district, who has become insane within the past few days.

Both B. T. Palmour and Frank Hunt, of Gainesville were visitors to our town last week. Mr. Palmour is a life insurance agent and Mr. Hunt deals in tomb stones. One works for the living and the other for the dead.

Rev. S. M. Grizzle informed us last week that he had more corn this year than he had for a number. So Mr. Grizzle is in better fix than most all the rest of the defeated candidates. He has a big crib of corn which is very useful in a family.

Merchant McGuire has fell up on a good plan to keep wood thieves from taking his fuel. He has piled it up on his porch and put a wheelbarrow in front of it. As there is no man, woman or child that can go about one after dark without falling over it he gets to burn all his wood himself.

Mayor Price issued his against all of our citizens who had not paid their town taxes last week. He used his official ax in the proper manner and hewed to the line by giving all defaulters, both the high and the low, the proper attention. Many could have paid long ago but having to give an extra dollar for their negligence will probable learn them to be more prompt in the future.

Col. W. P. Price, president of the board of trustees of the N. G. A. College, delivered his 26th annual address to the students a few days ago. The Colonel has never failed to make his usual address a single time during this long number of years. It is much pleasure for the Colonel to talk to the students, as well as a delight for them to hear him, on account of his being the father of the institution and a great friend to education, who uses every effort to advance its interests in all of its branches.

The other night a young man by the name of Sutton from White county called on Logan Campbell in Dahlonega to spend the night where he received a hearty welcome. He did not go out in town but soon after supper retired. The next morning when breakfast was ready Mr. Campbell went into the room where he slept to wake him up, when lo and behold he found that he was like a turkey, had flew off the roost and gone and has not been seen or heard of since. His strange actions cannot be accounted for.

Rev. W. H. Parks, the pastor of the Baptist church at Dahlonega has accepted the appointment for another year, which will be good news to all of our citizens for he is loved and respected by the entire community. Matters not how poor a person is, be it man, woman, or child, that is sick, he always goes to see them and discharges his duty in this respect better than any other pastor that has ever had charge of the church. How can they help but like him? For if there is a time when a person needs a preacher it is when they are sick.

As Judge Tate has refused to pay all the election managers and clerks in the last two elections according to the Acts of 1896, they are going to present the matter to Judge Estes for a decision. The act says that the managers are entitled to \$2.00 per day and three clerks at \$1 each, but Mr. Tate only pays one manager at each precinct in the county \$2.00 for help holding the election and bringing in the returns and clerks nothing. In town he generally pays the managers \$2.00 each and the clerks \$1.00. The new law didn't relax the old one allowing \$2.00 for bringing in the returns.

Hughes Moore and Clyde Meaders are now at Huntsville, Ala., driving a team for Uncle Sam at fair wages. Guy Reese expects to join them about the 23rd inst.

Go to Andersons & Jones' for undershirts and slips, overalls, neckwear, women's cloaks, mens and boys hats, caps, clothing and overcoats. They have just received a new line of the above goods. They sell you the best goods in town for the money.

D. W. Walden, who lives over on the line of Lumpkin and Hall counties, informed us Monday that he had just killed a thirteen months old pig that weighed 205 pounds. It was the common stock of hogs. Often the crib of corn has more to do with the hog than the stock.

Sheriff Brooksher went down into Jackson county last week and brought back Joe Grizzle who was wanted in Lumpkin county for wife desertion. Months ago Joe married a daughter of "Smoking" Jim Anderson and then left out is why his presence is desired just now.

The council has named two more streets. Murray street is one, which runs from James Phillip's to Murray's Heights and the other, Cornhill, runs from Clarksville street via Murray Heights down to Arcade Avenue. These are big names and we suppose will be big broad streets.

The astronomers gave us a shower of rain Sunday night instead of stars. Nevertheless it suited all the girls and their lovers who sit up and watched. Had it been stars they would not have received near as many kisses as they did. A "shower" of kisses is much more preferable to them than a shower of stars.

The biggest portion of the side walk from the NUGGET office to the jail is the worst of any in town and cannot be used in wet weather on account of being so muddy and sloppy. People have to abandon it when it rains and walk in the street. Our town fathers should either have it drained by ditching or good substantial foot logs put up so as to save some little child from being lost in the mud.

U. S. Deputy Marshal Grizzle has been busy some days in serving summons for witnesses to go before the U. S. grand jury. It may be that Judge Newman will take up the criminal docket again before the holidays and permit some of the blockaders to spend Christmas in the lofty tower of Fulton county jail where they can take a spy glass and view the beautiful mountains and think of home.

Mrs. Alice Howell is making an effort to get a portion of a pension which her mother, Mrs. David Keys, has been receiving. Mrs. Keys succeeded during last year in getting a pension from the government for her husbands services, and back pay for her children for four years. Alice was not staying at home when it was received and got none of its benefits whatever. Mrs. Howell claims a hundred dollars and has made her complaint known this week about her mothers actions. It may be that Mrs. Keys will draw no more money from the government until Mrs. Howell gets her part.

Only a couple of weeks now until the mayor and council election. Let our citizens all go out and select a good ticket when the convention meets. It is very important that this is done for our graded school, if the building is completed during the next six months, is to look after. Although the mayor or nor councilmen get no salary those who agree to serve should attend all the meetings and look after the business of the town as promptly as if each were getting a salary of a thousand dollars per annum. In selecting a mayor it is best not to get a merchant or any one else that is under obligations to the people for they will be a little tender footed when it comes to administering justice to violators of the law for fear that they may hurt some ones feelings and lose a customer.

Charley McAfee was slightly injured at the Singleton yesterday while running from under a caye.

A bottle of acid exploded at the college one day last week and severely burnt Miss Blanch Cook's face.

It was not Miles Stargel that had the fight at the corn shucking the other day. It was another Stargel.

Old John Barley Corn was in town last Saturday again but not of sufficient strength to cause any of his favorites to have to pay any money into the city treasury.

We have added to our exchange list the Piedmont Farmer, published at Rome, Ga., by Rev. J. T. Gibson, who used to preach to us in Dahlonega. It is full of interesting news and what you might call a wide awake newspaper.

John Seay, a resident of Shoal Creek district, Lumpkin county, died one night last week leaving a wife and four children to mourn his loss. He was about fifty years of age and had been a member of the Baptist church for a long time.

We learn that one of Judge Kimseys converts has been tight since court. It is strange that a man whose friends pay forty or fifty dollars in order to keep him out of the chain gang on account of strong drink, will go right straight and get drunk again.

We are glad to see that our efforts in endeavoring to get up an interesting paper is being appreciated by the people of Lumpkin county. Many of our subscribers are not waiting for their times to expire but are coming up several weeks in advance and paying for another year. New names are also being added to our list.

We regret to learn of the death of John Bryson who died in Santiago on Oct. 2nd, while in the service of the United States. He is the son of Frank Bryson who resides in the lower portion of Lumpkin county. He had served out about half of his time in the army when called from camp life to that unknown world to join many comrades who have gone on before. It is so sad to think of one dying so far away from home with no loving mother, father, sister or brother to administer to his wants in his last hours on earth. Peace to his ashes.

Col. Charters after an absence of four or five days returned to Dahlonega last Sunday. He went to Atlanta and received his commission as Solicitor General. During his absence he visited Cleveland and argued a case before Judge Kimsey, representing the Commissioners of Union county who had contracted for the building of a court house. The tax collector had been enjoined by a number of citizens from collecting the tax for this purpose. The case was decided in favor of the commissioners, but goes to the Supreme Court at once. Col. Charters was assisted by Senator Underwood of Cleveland, and Col. Candler, of Blairsville. The other side was represented by Col. Waldrup, of Union county and Col. Perry of Gainesville.

We understand that Dr. Vandegriff, who has been located at Porter Springs for several months, will, if he has not already done so, return to North Carolina. It seems that the Doctor has not complied with the laws of Georgia and laid himself liable to be prosecuted. The law requires every physician before he commences practicing to go before the Clerk of the Superior Court in the county where he proposes to do business and register and exhibit his diploma. This he did not do. In addition to this an act of some four years ago makes it compulsory for a physician, before he commences practicing, to go before a state board of physicians and carefully be examined and receive a license. This he also failed to do, and by not complying with these laws can be prosecuted in every case he has rendered medical treatment and cannot collect anything for such services.

Mrs. Corrie Graham, postmistress at Two Run, paid Dahlonega a pleasant visit this week.

Go to Anderson & Jones' to get bargains. They are coming to the front on prices for the cash. Undershirts and slips 70 cents per suit and undershirts from 20 to 60 cents.

We have another subscriber besides Bill Reid who proposes to take the NUGGET his natural life and that is Uncle Dan Davis who resides in the upper portion of the county. He came in last week and renewed his subscription and told us to continue sending it as long as he lived.

Capl. F. W. Hall will complete his feed and grist mill at the Chestate this week. It is said by those who are thoroughly acquainted with machinery that it is one of the finest mills in the state. Here you will get the best of meal either bolted or unbolted in quantities from a peck to a wagon load. The feed mill is of the latest improved which will turn out feed that can't be excelled in Georgia.

The advertising agent of Houghs patent medicines was in town last Saturday for a short while posting up cards, dancing and jumping for the amusement of a large crowd. Notwithstanding he is gray headed and about fifty years old he stood and jumped six feet backwards. Then he turned and cleared nine feet and seven inches and proposed to get ten if any one would catch his first jump. And when it came to dancing he could out the pigeon's wing to perfection.

We have yet got to see the first man who is opposed to a board of roads and revenues for Lumpkin county. All those who we have met that were opposed to it heretofore now favor it. The ordinary has so much outside county business to attend to that he does not get to stay in his office much more than one-fourth of his time. Even when the county officers bonds had to be taken he did not get to remain in his office long enough to look after them but had to secure the services of another gentleman to attend to the business.

Robert L. Hutcheson, an old Lumpkin county boy and once a student of the N. G. A. College, who is now located at Fort Worth, Texas, was in Dahlonega last Saturday for the first time in thirteen years. His parents reside near Auraria. After spending a week with them he left for the Lone Star State last Monday morning. Mr. Hutcheson is now in the mail service getting a good salary. It was not only a pleasure to him but a pleasure to us to see him back to his native county mixing and mingling with his many old acquaintances. The NUGGET will keep him posted about things generally at the home of his childhood days.

It is reported that some Dahlonega women acted so badly while in Gainesville last week that their names were registered on the mayors docket. It's said these women were in company with a stone cutter and another ladies man down there the other night taking in the sights of some of the principal back streets when two of Gainesvilles suburb "bellees" came up and found their fellows going back on them. It was more than they could stand. They sailed in and a general face scratching took place. The men got away from the police and maybe one or both of the Gainesville women. But the Dahlonega ladies didn't run and were soon in the custody of the officers. At the trial one of the Dahlonega women was acquitted and given orders by Mayor Gaston to leave the town at once. The other who had put up ten dollars as a forfeit didn't appear. Mayor Gaston stated that if she did appear he would put her on the streets for a lengthy term for her bad conduct while in the city. We suppose the stone cutter is off in some secluded spot cutting the proper inscription on tombstones so as to have them ready in case they get killed while down there at any time.

He has proved the "dreaded consumption" to be a curable disease beyond a doubt, in any climate, and has on file in his American and foreign hospitals, thousands of "heartfelt" testimonies of "gratitude" from those benefited and cured, in all parts of the world.

Catarrhal and pulmonary troubles lead to consumption, and consumption, uninterrupted, means speedy and certain death. Don't delay until it is too late. Simply write T. A. Slocom, M. C., 95 Pine Street, New York, giving express and postoffice address, and the free medical advice will be promptly sent. Please tell the Doctor you saw his offer in the Nigger. Jan. 28,

# THE NUGGET FOR '98 Will Be Wide Awake —AND— CONTAIN ALL THE MINING, LOCAL AND General News

urns, hands and feet. I had numb and dead toes, these parts until they were dry, roo-vereena in measure the dead feeling that had been taken possession of them. In addition, I find a strange weakness in my back and around my waist, together with an intolerable itching in my stomach. Dyspepsia said it was creeping paralysis, from which, according to their universal conclusion, there is no relief. Once it fastens upon a person, they say, it continues its insidious progress until it reaches a vital point and then the sufferer dies. Such was my prospect. I had been doctoring a year and a half steadily, but with no tangible benefit, when I saw an advertisement of Dr. Miles' Restorative Nervine, procured a bottle and began using it. My digestive tract may even, but a few days had passed, before I felt the first relief. The itching in my stomach and there has not been even the slightest indication of its return. I now feel as well as I ever did, and have gained twenty pounds in weight. I had been doctoring from 1910 to '12. Four others have used Dr. Miles' Restorative Nervine on my recommendation, and it has been assatisfactory in their cases as mine."—James Kent, La. Kid Co.

The Miles' Restorative Nervine is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price. Any bottle is sold for 50c, express prepaid. It is free from opiates or dangerous drugs.

DAHLONEGA, GA., FRIDAY, NOVEMBER 25, 1898.

W. B. TOWNSEND, Editor and Proprietor

## AGAIN IN TROUBLE.

The Nugget Must Stop Coming or Lively Times Will Appear in More Homes Than One.

Tobias Rankin is Once More on the Rampage.

In Dire Distress He Again Orders the Paper Stopped.

MR. TOWNSEND, Editor,

DEAR SIR:

You promised me faithfully when I made you stop my paper before, that if I would pay up and subscribe again, you would quit printing foolish pieces in the paper about married men and married women in Dahlonega "taking on" and shying "love glances" at one another, and how a few divorce cases were now getting ripe. Now, didn't you do this? And haven't you gone back on what you said to me and others?

Let us see what harm you have done and how you have caused my home to be bedlam, or something like it. Everything had been lovely between me and my wife. Her health was moderate, though she continued to read the NUGGET, and rather watched for it. But two weeks ago, on Friday night, I went home, never feeling better in my life, when I found everything to topsy-turvy, and no supper in sight, and it a raining. I found my wife in bed, with a perfect chill. I asked her what was the matter?

In a husky way she said she "was bound to die; that it nearly killed her every time she bent her elbow." I said, "Don't try to bend your elbow if it will kill you." Then she said, "Every time I draw up my legs the cramps take hold of me, and I think in my soul I shall die." Then I said to her, tenderly, "Don't draw up your legs if it's going to kill you." She only groaned, and I then asked her "For heaven's sake to tell me what was the matter with her, and what caused the trouble?" Pointing, as best she could with her finger, she said, "Look in that cheer, and you will find the last NUGGET. Read that and find out." I was mad, and told her if the editor had named me in any vicious transaction with women of any sort, he lied, and I will tell him so to his teeth.

Lowering her voice she said, "The editor don't mention no names, but Tobias, don't I know just as well who he means as if he printed the names in big black letters! But as I won't live long, I forgive you. Go for a doctor quick. Git the right doctor, for there are some doctors I don't believe in any more than I do in you. Some of them I don't feel safe with, unless some decent person is present." So I rushed for a doctor, but I was troubled to know which doctor to run for, but at last succeeded in getting the one I owed the least to, and during the night my wife's system relaxed somewhat, and before day she was drawing up her legs with ease and her elbow was working quite natural like. There were times when she seemed to sleep, and it was at these times I examined the NUGGET, and not a word could I see about me, by name, nor any other man or woman by name. And now, Mr. Editor I am going to call on you for names. I have not got off of the way in the least, since the time I acknowledged to, and which has long since been kivered by the law.

The way you conduct your paper it will cause much trouble and perhaps be the means of killing off a few people. From this time on call the names of those who break the rules of good society. I court the strictest investigation myself. My character is now as high as the highest for good behavior. But it is not because that I am afraid of the NUGGET or anything else. By all means, Mr. Townsend, stop your foolishness. It only hurts sickly women, who are inclined to be suspicious of their husbands, any way. And then again, when people abroad read your paper, they think that every man in Dahlonega is a sinner of the deepest dye. You may think it funny, but if your wife was constituted like mine, you would quit writing about such things in your way. And if any body should break over, why you just call their names, and then this little fliriting will stop.

A member of the last grand jury told me that when the letter of the ten ladies of Dahlonega reached their room, calling their attention to certain men and women in the town and neighborhood who were acting contrary to the statutes of law in such cases, they had already disposed of that matter. Said there only five men and five women—counting them on his fingers—who were accused. The men were now ready to marry, but the women were holding back for lack of confidence in the men. And you all know, that one of the men has since come in, like a little man, and married the woman, and admits that the baby is his by all odds. Now, you see there are only four more men within the range of your paper, who are suspicious of any thing wrong. And yet, you will, for a little fun, at the expense of only four men and as many women put to risk the happiness of almost every one else in the community. So hereafter call the names of the people you are hinting at, and flirtation will be nipped in the bud.

By the way that same jury told me of another thing that lively body did. The first thing they did when they set to work, after the door was closed, was for them to decide what Judge Kimsey meant by saying to "keep secret the states' counsel and our fellows." It was finally decided that the jurors were not to tell on one another, and none of them knew anything on the states' counsel, Mr. Thompson, and if they did he lived in another country, and it wouldn't count no how. This made them all a little cautious, and so when the ladies letter was read, it was seen that they could do nothing, for they were sworn to keep each other's secrets, and that settled.

Now, Mr. Townsend, do as I tell you. Call names hereafter, or the best men of the county will have to move West, among whom will be—your friend.

Tobias Rankin.

## From New Zealand.

REEFORT, New Zealand, Nov. 23, 1898. I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

E. J. SCANTLEBURY.  
For sale by F. W. Hall & Co.

The sweet potato crop in this section was never better.

## Local Chat.

Green apples sold at one dollar per bushel in Dahlonega last week.

James McClure was here on a visit to relatives last Sunday from Dawson county.

See the collectors third and last round. He closes out on the 20th day of December. You can pay it by that time or he will get it without any of your assistance.

It only costs the cadets occupying the dormitory about \$7.00 per month, including their washing. This is a good, cheap way to get an education. It may be that the dormitory will be enlarged next spring. Those in authority are favorable towards this move.

We are going to bait a steel trap with a piece of sheep and place it at our office door and catch one of those so called men that have been slipping notes under the door. We know them but we want the people to find them out, and we have concluded that this is the quickest way to show them up as they won't wait till night to come to the bait.

If the two parties interested in the preparation and delivery of the note which was placed under our office door Wednesday night of last week had have sent it by some of their illegitimate children that can be found at various places suffering for the necessities of life probably, there would have been no delay in a reply from us.

We will state for their especial benefit however, that such notes will not cause us to neglect any "fresh" news that may occur, but if they are overly anxious we will give the history of the "Jabe-per-simmon tree transaction," if it is old.

Then besides this we will tell about the fellow offering \$25 for a sensation and relate how he afterwards got on without it costing him a cent. Then an account of the foot race by star light in Dahlonega fully illustrated, and many other happening of a sensational nature on the would be bantons will be interesting to those who are kept in the dark on such matters. In addition to this it might be interesting for some people to learn where one of our officials frequently meets a single woman and the two gather wild winter flowers and pluck beautiful red berries from the holly bush, as loving as two little doves while the wife waits at home for her husband to return from a little business trip.

## The Best Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the affected parts is superior to any plaster. When troubled with again in the chest or side, or a lame back, give it a trial. You are certain to be more than pleased with the prompt relief which it affords. Pain Balm is also certain cure for rheumatism. For sale by F. W. Hall & Co.

## A Sure Sign of Croup.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by F. W. Hall & Co.

They are mounting a double-barreled cannon at Athens. Now if they would load it with foot balls and shoot until they are entirely exhausted there would be more studying of books by the University boys.

**McELREY'S Wine of Cardui**  
has demonstrated ten thousand times that it is almost infallible  
**FOR WOMAN'S PECULIAR WEAKNESSES,**  
irregularities and derangements. It has become the leading remedy for this class of troubles. It cures a wonderfully healing, strengthening and soothing influence upon the menstrual organs. It cures "whites" and falling of the womb. It stops flooding and relieves sup-

pressed and painful menstruation. For Change of Life it is the best medicine made. It is beneficial during pregnancy, helps to bring children into homes barren for years. It invigorates, stimulates, strengthens the whole system. This great remedy is adapted to all afflicted women. Why will any woman suffer another minute with certain relief within reach? Wine of Cardui only costs \$2.00 per bottle at your drug store.

For advice, in cases requiring special directions, address, giving name, to "Ladies' Advisory Department," Chattanooga Medicine Co., Chattanooga, Tenn.

Rev. J. W. SMITH, Camden, S. C., says: "My wife used Wine of Cardui for falling of the womb and it entirely cured her."

# THE NUGGET.

DAHLONEGA, GA., NOV. 25, '98.

Entered at the Dahlonega, Ga., P. O., as Second Class Matter.

Grover Cleveland has gone to Santiago on a visit.

Congressman Tate will return to Washington next week.

An effort will be made in the legislature to repeal the registration law.

Nine car load of guns arrived in Atlanta last Friday to be distributed among the volunteers wintering in this state.

The Atlantic went ashore the other day sixteen miles from Newport, Ore., and 28 of the crew out of 30 are lost.

A vessel left last week with 10,000 barrels of bottled beer for the United States sailors and soldiers at Manila.

J. O. Adams, of Gainesville, a former student of the N. G. A. College, was wedded last week to Miss Allie Pearle, of Hampton.

The city of Atlanta is making great preparations for her peace jubilee. It will be a success as Atlanta knows no such word as fail.

Walter S. Coleman, who has recently been appointed oil inspector for the Rome and Cedartown district, is an old Dahlonega student, who now edits the Cedartown Standard.

A bill is before the legislature asking that women be allowed to practice law in Georgia. The bill should be defeated. The court room is no place for a decent woman.

Dewey has made a contract with a Hong Kong wrecking firm to raise three Spanish galleons at Manila. The cost of raising the ships and putting them in repair will be \$500,000.

All work at the camp site in Atlanta for winter quarters for the First brigade, has suspended after the government is out \$3,000. It is not likely that a camp will be established there now. The brigade will go to Cuba.

The city council of Savannah has twice voted down a resolution officially inviting President McKinley to that city to review the seventh army corps. His appointment of negroes is the cause.

Commissioner Stevens has saved the state \$4,000 on the purchase of granite tags. We never met Mr. Stevens but once but were thoroughly convinced then that his qualifications were such as to make Georgia a good officer.

The University boys are wasting their time again going from place to place playing ball. A stop should be put to this. The people of Georgia will get tired of being taxed after awhile to keep up an institution that allows this ball playing.

Two convicts secured pistols in the Columbus, O. prison the other day and attempted to shoot their way through the guard. One guard was killed and two of the leaders seriously injured. The guard and prisoners both exhausted their ammunition.

A bill has been introduced to apportion the pension funds of the state among the pensioners. The bill provides that all pensioners whose applications have been approved shall be paid as long as there is any money to use in paying them, and if they are not all paid they shall be paid out of the next year's fund before it is apportioned.

They are having lively times in Bibb county over the prohibition question which will soon be decided. Sam Jones is at Macon in all his glory getting big money to abuse and ridicule the people, using language that no decent man should let fall from his lips much less a preacher. While he is doing this the anties are said to be registering the names of dead negroes.

## Mining Notes.

E. E. Crisson commenced taking out ore on the Free Jim lot near town this week and is having it crushed at the Lockhart mill.

While Mr. Whorton is getting his mill ready at the Calhoun for operation he is working several hands in the placer diggings.

W. J. Worley is still out prospecting for iron ore and other minerals. He showed us a sample of excellent manganese ore the other day which he said was discovered within three miles of Dahlonega.

Beverly Brooksher has been engaged for several days in panning out the sulphurets from several tons of sand that has been sayed at the Singleton mill. It is quite a job of panning but Beverly understands how to shake the pan properly and will get through after awhile. These sulphurets are to be sent off and run through a machine for a test.

Things are moving along as fast as could be expected at the Crescent. The mill house is completed and the most of the mill timbers are ready to be put into the proper position for the machinery, while the dam work is going right ahead. The canal was commenced a few days ago which will require some time to complete it on account of so much hard rock.

The president of the Dahlonega Consolidated Mining Co., together with other members of the same who were here last week, returned after making arrangements for work to begin last Monday under the supervision of Capt. H. D. Ingersoll, who is well acquainted with all the property that has just passed into the hands of the new company, as he had been operating it for Mr. Wahls for a number of years and is the right man in the right place. The Captain now has a large number of men engaged on the various mines belonging to this property cutting tunnels and taking out ore. We understand that the long canal will be cleaned out before the mills are run much. This company has the means and will mine on a much larger scale we understand than usual. A movement is on foot for the building of an electric line to Gainesville, as well as a telephone. A visit will be made to the West by some of the company for the purpose of examining the best gold saving machinery. A test will be made from the ores being taken out and the machinery that saves the most gold will be used. This is a move in the right direction and one which should have been made by the mining men of this section long ago.

Three thousand mill operators struck at Augusta last Monday on account of a cent of 18 per cent by owners. They say they can't live on the wages.

Gen. James Longstreet, the commissioner of railways recommends that the government construct and operate a first class double track railway from Kansas City, Mo., to San Diego, Cal., by air-line route.

The dog tax and soldiers home never fail to be introduced at each session of the legislature. The tax payers are getting tired of so much time being wasted on these matters. There are other things of vast importance to the people that should receive the attention of the present body. It is time to rest awhile on the dog tax and soldiers' home bills.

It is thought that the committee to investigate the fund of \$20,000 allowed annually for keeping up the capitol and mansion may report something startling. It is hinted that money has been taken from this fund to meet personal and family expenses. Some of the items that seem to daze the committee are: Water \$116; lights, \$1,596; coal, 1,100; brooms, brushes soap and toilet paper, \$500.

Are You Easily Tired?

Just remember that all your strength must come from your food. Did you ever think of that? Exchange your muscles need more strength or your nerves, or perhaps your stomach is weak and cannot digest what you eat. If you need more strength then take

SCOTT'S EMULSION

of Cod-Liver Oil with Hypophosphates. This is the most easily changed of all foods into strength; and the hypophosphates are the best sources of the nerves. SCOTT'S EMULSION is the easiest and quickest cure for weak throats, for coughs of every kind, and for all cases of debility, weak nerves, and loss of flesh.

See and Buy at drug stores. SCOTT & BOWNE, Chemists, New York.

A horse sold for \$15,000 in New York the other day.

Spain if said to be too proud to accept money for the Philippines.

The tax reform act has been postponed for a year by the legislature.

In western Missouri and Kansas several perished this week from the blizzard.

Representative Willingham's bill prohibits the sale or manufacture of liquor in Georgia.

Another negro soldier was killed at Knoxville Tuesday. And still another near Rome, Ga.

Two negro soldiers had a row about a woman at Charlotte, N. C., last Sunday and one killed the other.

Dr. Schlatter, the divine healer, is in Atlanta, who claims that he can heal the sick and make the blind to see.

Lieut. F. S. Price of the 6th U. S. I. N. F., has arrived at Fort Sam Houston, Texas. Friends can address him at that place.

Ed. Merriweather, col., was lynched at Monticello last Tuesday for murdering and robbing Judge Pope last Saturday night.

The sum of \$20,000,000 has been offered as Philippines indemnity, and Spain must give her answer yes or no, by next Monday.

Remember in nominating a mayor tomorrow night that he must be a freeholder in order for him to hold the office, so we are informed.

The negro volunteers in Macon are still giving much trouble, and by all means should be mustered out at once. Dressing them up in blue makes a fool of them.

Three thousand mill operators struck at Augusta last Monday on account of a cent of 18 per cent by owners. They say they can't live on the wages.

Gen. James Longstreet, the commissioner of railways recommends that the government construct and operate a first class double track railway from Kansas City, Mo., to San Diego, Cal., by air-line route.

The dog tax and soldiers home never fail to be introduced at each session of the legislature. The tax payers are getting tired of so much time being wasted on these matters. There are other things of vast importance to the people that should receive the attention of the present body. It is time to rest awhile on the dog tax and soldiers' home bills.

See and Buy at drug stores. SCOTT & BOWNE, Chemists, New York.

Atlanta has been selected as the site of the federal prison for the south.

The Alabama legislature has appropriated \$500 to buy Lieut. Hobson a sword.

The northwest was visited by a severe blizzard last Monday, doing much damage.

There were ninety-seven divorce suits pending in Richmond Superior Court last Saturday.

The ways and means committee have recommended that liquor dealers pay a tax of \$200 instead of \$150.

Peace seems to be in sight now. An early settlement is expected as the Madrid government instructs the Spanish Commissioners at Paris to accept the best terms offered.

Two white soldiers at Chattanooga were cuffed and kicked by a negro officer last week because they didn't salute him. It came near causing a serious conflict of races.

A bill of Senator Underwood authorizing constables to collect superior court f. fas. on personal property, where the amount does not exceed \$100 has passed the senate.

Dave Shoemaker, a young white man, has been arrested for the murder of Mrs. Cross, which occurred in Gainesville a few days ago. It is said that the prisoner has confessed.

A bill has passed the house appropriating \$750 to pay pensions of such invalid pensioners or their widows whose applications for 1898 are pending, and who have failed to receive their pensions.

General Blanco says it will be the keenest sorrow of his life to surrender Cuba, with an army of one hundred thousand men and two hundred guns to the Americans, who have really not fired a gun on Havana.

The negroes and striking miners at Pana, Ill., use their guns freely. Both sides are heavily armed. The sheriff was shot from ambush last week and will lose his right arm. More troops are ordered to that place.

The first pension on account of the Spanish war was granted last week to J. T. Gates, of the Second U. S. Artillery, who had lost part of his lip in the West India campaign. He gets \$17 per month. The claims now on file up to date exclusive of the battleship Maine victims, is 1,947.

Mrs. Harry Bradley, of New York, furnished her husband \$3,000 some time ago to set him up in the bar business in Savannah. After finding that he was his best customer she went to the bar room last Monday, bursted all the glasses with a bottle and poured out the liquor on the floor. Bradley was imprisoned for whipping his wife, while the lady left to join her people in New York.

The United States government ought to disarm and muster out of service every negro troop in the volunteer army, says the Columbus Enquirer-Sun, as speedily as possible. Everywhere these troops have been stationed, rioting and bloodshed has taken place. General Wood declares that the negro troops are unfit for service in Cuba, and as they were mustered in to service especially with a view to using them on the island, there is no longer any need for them.

Last Saturday the negro soldiers stationed at Macon fired a thousand shots into a persimmon tree on which a negro rapist was hanged nine years ago and then cut it down chopping it into kindling wood. Just at this time Mr. Dave Riley, the owner of the land on which the tree stood came up, and the negroes started at him yelling, "Burn him!" but Mr. Riley being in a buggy he got away. They then went to Crump's park, a suburban resort, for the purpose of destroying it. The watchman attempted to drive them away, but he was assaulted and his pistol taken away from him.

## ELECTION FOR TOWN COUNCIL.

An election is hereby ordered to take place on Saturday Dec. 3rd, 1898, for a mayor and four councilmen to serve for the year 1899. Said election will be held under the law governing the election of members of the general assembly. This Nov. 14th, 1898.

W. P. PRICE, Mayor.

J. M. BROOKSHER, Clerk.

## A. G. WIMPY'S LAND, NOTES, ETC., FOR SALE.

Denn-a-a-- The Most Primitive Methods are Used.

# THE NUGGET.

DAHLONEGA, GA., NOV. 25, '98

Webb Findley was over one day this week from Fannin county.

The little two-year-old child of J. N. DuPree is dangerously ill.

We regret to learn that W. W. Scott is very ill at his home out in Day's district.

Jess Adams, one of the Second Georgia, has received his discharge and is now back at home.

While Prof. Palmour was out at Capt. Hall's mill, last Monday he caught a fish measuring 20 inches in length.

Miss Maggie, a daughter of John London of Aararia district, and Mr. Eliza Bruce were wedded a few days ago.

An extra nice lot of glass-ware just received by B. R. Meaders & Sons at prices lower than can be had any where in town.

The trustees of the college expect to make a change in their janitor first of January. It is said that some ten or fifteen applicants are asking for the position.

Go to Anderson & Jones to get bargains. They are coming to the front on prices for the cash. Undershirts and slips 70 cents per suit and undershirts from 20 to 60 cents.

W. C. Duckett and A. W. Coldwell, of Tate, returned home a few days ago after spending a short time with their relatives and friends in Lumpkin county. They were accompanied by their wives.

Mr. W. G. Lampkin, bookkeeper for the Hall Mde Co., after an absence of a few days to Louisville, Ky., returned Wednesday bringing his sister, Miss Phebi W. Lampkin, who comes here for her health.

Mrs. B. R. Meaders and Mrs. R. H. Baker spent a very pleasant day over at the Chestate, with Mr. and Mrs. Hall last Tuesday. They are highly delighted with the improvements Capt. Hall has recently completed over there.

As we go to press Thanksgiving Day it is being observed in Dahlonega as follows: The postoffice is closed, merchants taking in all the nickies that come their way, poor laborers are at work, school boys are playing ball and Profs. Gailard and Ansted have gone out into the woods after a couple of wild turkeys.

Monday morning the Phi Mu Society elected the following officers: J. A. Johnson, President; J. F. Turner, Vice President; A. P. Bell, Rec. Secretary; T. W. Fielding, Cor. Secretary; — Howard, Critic; R. L. Hood, Librarian; A. Byers, Treasurer; G. W. Hendricks, Marshal; — Ketron, Assistant Marshal.

Last Tuesday an ox created a good deal of excitement down at Meachamsville by running through the principle streets with a ladies gown fastened over its head. The garment was hanging out on a bush and the ox while feeding about got it over its head and off he went at break neck speed. Some of the most bashful spectators fainted.

Don't read this unless you want to save money by going to B. R. Meaders & Sons, the Cheap Cash Store, where you can get Hynds' sweet mixed pickles 20 cents per quart. All wood dress plaids 50 inches wide 32 1-3 cents per yard. The best calico, Hamiltons print 5 cents while it lasts. A good undershirt 25c, gents ladies 19c. South Georgia syrup 45c. Call and be convinced that we have the cheapest place in town.

It is claimed by those who ought to know that the appointment of the special committee by the last grand jury is illegal when the county already has a finance committee whose duty it is to make all investigations for which this committee was appointed. And it is said that some of our citizens are going to conjoin this committee from doing any work as our county treasury is not in a condition for any money to be thrown away or spent illegally.

Mrs. Anno Smith, after a short visit to her mother in Dahlonega, departed for her home last Friday.

Country produce, such as chickens, butter, eggs, sweet and Irish potatoes, beans and corn wanted by G. McGuire.

Nice sweet cucumber pickles and a big line of canned goods and groceries at G. McGuire's. Also headache tablets, drugs, &c.

It has been ascertained that the voters of Dahlonega do not have to register in order to cast their ballots in the mayors election.

Our mentioning last week that the Methodists would likely have a Christmas tree caused one more to attend Sunday School last Sabbath who had not been there before in nine months.

Mr. Brown, the present post master at Half Way is going to resign and move away. James Abercrombie has made application and will doubtless get it as he received the proper endorsement in Dahlonega this week to securit.

G. McGuire has had the Wimpy mill over hauled and sharpened up, secured the services of a good miller and every thing is working nicely. All you have to do is to take your corn and wheat there and it will be ground at once.

Wash Christy, who resides a few miles above Dahlonega, had 109 bundles of fodder stolen from him on one night last week. Wash is the bailiff of Crumby's district and probably the thief thought he could make plenty of cost to buy more.

It is reported here that W. J. Burt, of Mill Creek district, is or will make an effort to be cut off into Dawson county. Mr. Burt used to be a citizen of that county and the supposition is that he wants to be one again without moving.

Remember that the convention meets tomorrow night to nominate a mayor and four councilmen for next year. Don't stay away if you are interested in the welfare of the town. If good men are selected we will have a good town government.

Go to Andersons & Jones for undershirts and slips, overshirts, neckwear, women's cloaks, mens and boys hats, caps, clothing and overcoats. They have just received a new line of the above goods. They sell you the best goods in town for the money.

There having heretofore been so many suggestions by spectators during the construction or improvement of sidewalks that May or Price told the Marshal recently that he expected that it would be best to have this kind of work done of nights hereafter.

F. J. Williams was over first of the week from Union county. Fulton is just recovering from a severe spell of fever and was defeated for sheriff by only four votes, but notwithstanding all this trouble he looks as well as some of our men that were elected, for they dread to come in contact with Judge Estes.

The Bearden's bridge pillars were completed this week and the approaches are being made and will soon be ready for the contractors to get to putting up the bridge. And in a short time the work will all be done and that Virginia contractor will begin to carry the mail from here to Half Way and back three times a week at lightning speed for less than one hundred dollars.

Quite a lengthy communication appears on our first page from Tobias Rankin, who seems to have a good deal of trouble at his house. Because his wife said that she would forgive him and would soon die, she is not near ready to go and is trying to get his sympathy in order for him to mend his ways for awhile at least. The husband may think that he has got it so that his tracks will all be covered up from her in the future by discontinuing the NUGGET, but the good lady has sent us a dollar with instructions for the paper to be enclosed in a wrapper every week and addressed to her.

Yesterday was thanksgiving and the turkey crop was greatly reduced in this section.

We've reliably informed that young Myers, who has frequently visited Dahlonega, was recently elected sheriff of Polk county, Tenn.

Frank Bryson was in town last Monday engaging his corn. He is going to move into Dawson county, but will still continue to read the NUGGET.

The young man who left here a few months ago at the point of a shot gun, wrote back to a friend last week that he was teaching school in Texas.

Our old friend Jack Magness is still city marshal at Blue Ridge and is holding the boys down. Jack generally holds his own in anything he undertakes.

Deputy Collector Carter spent several days here last week in search of some one running an illicit distillery. But he found the business dull and returned to head quarters below.

Ben Christian is the happiest man in Aararia district over the arrival of a pair of twin boys at his house last Monday. Ben will be ready for war in case it is renewed with Spain.

Tom Sullins was bound over one day last week by Com. Baker for illicit distilling some time ago. He was unable to give the required bond and was carried to Atlanta last Sunday by Deputy Marshal Grizzle.

Many subscribers to the NUGGET expire with next week's issue. Remember when you see the cross mark on your paper if you do not renew your subscription to the same that it will not be sent to you any longer.

A secret wedding occurred three miles above Dahlonega on the 14th of last month which but very few people had heard anything about. The contracting parties were Mr. E. P. Haden and Miss Georgia Forest. Rev. J. W. Phillips performed the ceremony.

Prof. Stewart and Col. Baker left for Atlanta last Sunday to look after the interests of the N. G. A. College down there. The Professor will likely go to the Methodist conference at Augusta during his absence as he is a man that takes much interest in church as well as school affairs.

Uncle John Barley Corn got the best of one of Liberty's (Peppercorn) members in Dahlonega last Sunday. He didn't take up his bed and walk, but lay down across the hard side walk below the Methodist church, where he slumbered quite awhile with a Good Samaritan like friend watching over him.

Dr. N. F. Howard left last Monday for Demorest, and will go from there to Augusta to attend the North Georgia Conference. The Doctor attended the medical college in that city years ago and this visit will be one of pleasure as it will doubtless be the last time he will be fixed so that he can spare the time to walk the streets of that beautiful city again, as he is growing old and does not travel about much now.

Mr. Bracket, the new post master at Aararia is not giving satisfaction to the patrons of the office by any means. He is a clever fellow and a good republican, but it is not every republican that makes a good postmaster. One resident of that district has his NUGGET changed to the Dahlonega office and our other subscribers, not only there but at Burt'sboro, are getting their papers irregularly. Some times the papers go on to Gainesville, and frequently the Dawson county mail comes to the Dahlonega post office and has to be returned, all of which causes unnecessary delay. We are informed that one of Aararias business men does not patronize the office but has his mail sent by private conveyance to Gainesville. Neither the government nor the people will put up with this kind of a postmaster long.

We understand that thirteen type writers will be purchased for the college.

Benj. Harris, of Dahlonega, has got a position as book keeper in Charleston, S. C., for the Swift Packing House, who commenced work last week.

Sheriff Brooksher is making some improvements on his building occupied by F. J. Williams & Co., by building double porches to the same and making other valuable improvements.

It is quite likely that the Burnside House will change hands shortly and become the property of the Dahlonega Consolidated Gold Mining Company, as we understand that it has an option on it.

A gangway has been put in position at the Bearden's bridge location and footmen can cross the river and come to see us occasionally from the eastern portion of Lumpkin. The trade from that portion of the county has been going to Gainesville since the washing away of Bearden's bridge and our merchants greatly feel its loss.

It is said that the appretupped land in Lumpkin county amounts to hundreds of acres. We heard a taxpayer say the other day that he knew of a gentleman who had owned 600 acres in this county for more than ten years and had never paid a cent of tax. This matter should be looked into and all the back taxes collected. The law provides for it and it is a very easy matter for the tax collector to get what is due the state and county.

Uncle Billie Grizzle of Union county, was in Dahlonega last Monday getting up the proper information so as to enable him to draw a pension. He belonged to Co. E. Phillips' Legion, Wafford's Brigade, and was the first man of this company that was known to have killed a Union soldier, which occurred, while he was on picket duty some five miles above Charleston. Mr. Grizzle has been a stout man and a great worker but old age is making itself conspicuous now and he is compelled to call on Georgia for assistance in his declining years.

On the 13th inst. Herbert Blackwell, who resides in the eastern portion of the county, got the dates mixed up and did a good days work on Sunday thinking that it was Saturday. In the forenoon he sneaked corn and in the afternoon he killed a hog and did several other jobs of work. The family slept late next morning and when they got up and saw some of their neighbors picking cotton they could not understand why they were working on Sunday, until some one came along and satisfied Mr. Blackwell that he was resting on the wrong day and had worked when he should have been at leisure. This farmer should take the NUGGET. It would keep him in the right road. Later.—He has subscribed.

Our old friend and highly respected citizen, Isaac Anderson, is no more. He breathed his last at his little country home some four miles above Dahlonega last Saturday night a short while after dark at the age of 63, having died, we learn, a short distance from where he was born. He had been sick for quite a while but recovered sufficiently to serve on the petit jury at the last term of Lumpkin Superior Court and it was hoped by his friends that he would eventually recover. But the disease, dropsy of the heart, secured a deeper hold and from that time on he gradually grew worse until the summons was given and paid for, and then if the tax rate is lower there than in the one in which they live, they will want to be cut back probably. The burden of high taxes has to rest on the shoulders of the tax payers and it is better for it to be shouldered by the largest number. It won't be so hard to carry. The state taxes are high but we must not want to be cut off into another. We must learn to be content.

There is nothing like having fast transportation. An express package was sent us from Savannah October 14th and we received it Nov. the 22nd.

The citizens seem to be unusually slow in paying their taxes this year. The collector informed us last Tuesday that he had not collected any money yet scarcely—nothing but county orders.

Judge Tate has received notice this week that the following persons residing in Lumpkin county will be added to the indigent roll of pensioners: W. B. Evans, Young Grindle, E. W. Parrish, J. L. Stover and E. M. Sollins.

H. D. Gurley, his wife and daughter, Miss Blanche, left last Monday for Blue Ridge, Ga., to attend the marriage of Miss Maud Crawford, the youngest sister of Mrs. Gurley, who was wedded to Dr. Bray, of Blairsville, Wednesday afternoon.

Dr. Wheelchel, Chairman of the Democratic Executive Committee of Lumpkin county, has called for the executive committee to meet tomorrow, but since the distribution of offices have been made we expect it will be about as hard to get them together as it is Sunday School children the next Sunday after Christmas.

Capt. Woodward received information from Gainesville last Saturday afternoon stating that his mother residing there, had fell during a stroke of paralysis and broke one of her legs. He went down at once that night and found the report greatly exaggerated. She had taken suddenly ill during which time she received a fall, but nothing serious.

James M. Head, who left here some twelve years ago and went to the coal mines in Tennessee, was on a visit to Dahlonega last Saturday together with his wife who he wedded out there. Mr. Head is engaged in mining and has accumulated much money since he left Dahlonega. It is always a pleasure to us to hear of any of our old Lumpkin county boys meeting with success.

Numbers of persons have visited the Chestate to see Capt. Hall's new grist and feed mill in operation this week. There is nothing like it in this country. You can go there with a wagon load of corn in the ear and it will be shelled, ground and bolted, and the cobs prepared for feed while you are looking around at the machinery. And at night when the mill is being run it is lit up by electricity.

If Mill Creek district is cut off into Dawson county those of her citizens expecting to appear as witnesses before the investigating committees appointed by the last grand jury will make a good thing of it at \$2 per day and mileage. It is said that nearly all out there are signing the petition asking for a change. We would not care so much if they would take one of our public bridges out that way. Otherwise a good deal of taxable property will be taken away from us necessitating still higher taxes. Our county is already small enough. If people are permitted to be cut off into another county simply because the taxes are less than in the one they live there will be no end to these changes. Every time a new bridge is to be built or any other improvements made, causing taxes to be higher, some body is sure to want to be cut off into another county where the taxes are lower. In Union county, where the taxes are \$3.45 on the hundred on account of the building of a new court house, we expect many of her citizens would like to be cut off into some other county until the building is completed and paid for, and then if the tax rate is lower there than in the one in which they live, they will want to be cut back probably. The burden of high taxes has to rest on the shoulders of the tax payers and it is better for it to be shouldered by the largest number. It won't be so hard to carry. The state taxes are high but we must not want to be cut off into another. We must learn to be content.

A case of nice toilet soap at G. McGuire's.

Uncle Dick Wheelchel has some forty or fifty cherry trees in his lot all in full bloom, presenting a spring like appearance.

It cleared off beautifully last Saturday and we observed that night that the stars hadn't fell for they were all in their proper places.

A father wrote his son the other day that he would have to come home as he was not able to send him to college when he could not get but three and a half cents for cotton.

One of the members of the Dahlonega Gold Mining Company said to us the other day that they would have a telephone line to the railroad if not an electric line. Then Dahlonega can exchange words at short notice with Gainesville.

A newly elected county officer wants to know if Judge Estes can hurt him if he gives away his cost? Not until he finds it out, but when he does he will make the officer wish that he had never heard tell of an office. The Judge does not mean for an officer to encourage evil doers in this way at the expense of the county.

A gentleman who blockaders do not fear, after being up in Shoal Creek district in White county last week said that he did not see a drop of liquor nor even hear of a single blockade distillery in that nor no other part of the county. This is good news and if they will continue to abide by Uncle Sam's laws in this way husbands will not have to leave their wives and children at home and take up quarters in Fulton county jail. Besides this the country will be more prosperous and the people all happy.

Before Capt. Ingersoll, General Manager of the Dahlonega Consolidated Gold Mining Company, commenced work last Monday he had his rules printed and posted up at the different operations belonging to this company. After giving the number of hours required to be put in for a day's work is the following: "No liquor will be allowed on the works. Any employee getting drunk so that he is not able to work will be discharged." This is an excellent rule and should be adopted by all the companies doing business. It is best for the company, best for the hands and a blessing to husbands wives and little children.

A right nice little dwelling is being constructed on the property of the Crescent Gold Mining Co. some two miles north of Dahlonega by Mr. R. W. Walker, the general manager. Last Saturday night 2,500 feet of lumber was destroyed by the kiln falling, but fortunately the fire did not catch the unfinished dwelling. Mr. Walker happened to be there but alone when the kiln fell. He grabbed up a water bucket and rushed down the hill to the branch fifty yards below yelling, "Fire! fire! fire!" thinking that some hunter might be near enough to hear him. Immediately he thought he heard one not far away hallow. "Who? Who? Who cooks for you?" "It's me! Walker! I board at the Hall house! I don't know the cooks name! Come quick. I'm afraid it will catch the house!" was the immediate reply, continuing until he was soon back with his bucket and its contents emptied on the burning kiln. But it was too far gone to do any good and in a little while about \$40 worth of lumber was in a heap of ashes. Mr. Walker was almost exhausted. He stepped off a short distance to catch a cool breeze and to see if the person he had appealed to for help was coming. He watched and listened. But no one came. Could he be mistaken? No! The voice was too clear and distinct, thought Mr. Walker. In a few minutes he heard the voice again and this time recognized it. It was not a person that he had been yelling to but it was an old whooping owl which was sitting up in a lofty tree some distance away.
